Arabs Press Plan To End Algeria War

Tunisia Asks UN Action For Peace In 3-Year Strife

By WILLIAM N. OATIS

UNITED NATIONS, N. Y. (AP)—Tunisia pressed an Arab country campaign today to urge the U. N. General Assembly to call for negotiations between the French and the Algerian nationalists to settle their three-year war in Algeria.

An Arab diplomat also said an Asian-African resolution for such negotiations—probably will be introduced Monday in the Assembly's 82-nation Political Committee.

Mongi Slim, Tunisian ambassador to Washington and the U. N., was scheduled as the first pro-nationalist speaker in the committee's debate on Algeria.

Pineau Opens Debate
French Foreign Minister Christian Pineau opened the debate Wednesday. He pleaded with delegates to steer clear of "internationalization of the Algerian conflict" and let France go on seeking a "peaceful, democratic and just solution" by crushing the rebellion and introducing electoral reforms to benefit Algerian Moslems.

In a vague resolution adopted last Feb. 15, the Assembly expressed hope that "a peaceful, democratic and just solution" would be found in conformity with U. N. Charter principles.

While the U. N. debate was going on here, France's Parliament was preparing for a vote of confidence demanded by Premier Felix Gaillard on a paria home rule bill for Algeria.

King Mohammed V of Morocco and President Habib Bourguiba of Tunisia issued a communique last Friday offering their help to France and a nationalist organization, the Algerian Front of National Liberation, for negotiations toward a "just solution" based on the sovereignty of the Algerian people and safeguards for French interests.

Drops One Condition
The front, in a Rabat statement, welcomed it and said negotiations "undertaken on the basis of independence" would end the Algerian war. But word circulated among Arab delegations here that the front had dropped its condition that France must recognize Algerian independence before talks could start.

A joint Washington statement from King Mohammed and Secretary of State Dulles said that in their talks on Algeria the King expressed hope for a "peaceful solution . . . through friendly negotiations."

Italian Stabbed By Fiancee After He Changes Mind

CAGLIARI, Sardinia (AP)—Antonio Motzo, 35-year-old landowner, is in a hospital today because he changed his mind.

His former fiancee, Elena Serra, 32, is in prison charged with stabbing him.

Antonio and Elena yesterday were driving to nearby San Montefiore to be married.

Suddenly, police said, Motzo told his bride-to-be: "I have changed my mind. I no longer want to marry you." He left the car.

Police said Elena rushed to buy a butcher's knife, followed Antonio to a bar and stabbed him in the neck.

Siamese Leopard Takes Off For National Zoo

BANGKOK, Thailand (AP)—A Siamese jungle leopard named Ike, who thinks he's just an ordinary cat, took off by plane for the National Zoo in Washington today.

Ike was raised from a tiny furry cub to his present 30-pound bulk by Mr. and Mrs. Max Ullrich here for Thanksgiving dinner.

Mother Takes Pilgrimage After Son Freed In Slaying

ALVIN, Tex. (AP)—Undaunted by showery weather, slight Mrs. Manuela R. Carreon hoped to walk another 21 miles today on a religious pilgrimage down more than two thirds of the Texas coastline.

Her arrival here at dusk completed the second leg of a 387-mile hike started Wednesday at Galveston, 32 miles east and a little south of Alvin.

Mrs. Carreon, 46 and from Texas City, Tex., is bound for the Mission de San Juan deep in the Rio Grande Valley. She vowed to the Virgin of San Juan she would make the trip on foot, she has last week in the expectation she said, if her son was cleared of the murder charge.

RAINIER, GRACE IN LONDON — Prince Rainier III of Monaco rides with the driver while his wife, Princess Grace, rides with a companion (not identified) in the rear seat as they leave their hotel in London, where they arrived Tuesday for a short private visit. Their baby daughter did not accompany them on trip. (AP Photofax)

they leave their hotel in London, where they arrived Tuesday for a short private visit. Their baby daughter did not accompany them on trip.

Mental Test Given GI In Murder Case

YOKOHAMA, Japan (AP)—Specialist Gregory J. Kupski of Detroit, charged by the U. S. Army with the strangulation murder of a Japanese girl, is under military psychiatric examination, his defense counsel said today.

The counsel, Capt. James R. Robinson, 34, Ft. Collins, Colo., would not elaborate on the disclosure.

Robinson spoke at a 20-minute news conference. The 23-year-old soldier, who the Army says has confessed the crime, was at his side, neatly attired in a freshly pressed uniform.

"I can't speak too much Japanese," were the only words Kupski said in answer to a barrage of questions.

Kupski has been charged "with unpremeditated murder" in the death of Kazuo Eikawa, 25, whose nude body was found in a Yokohama alley Nov. 17. The charge carries a maximum Army penalty of life imprisonment.

No clue to whether Japan or the United States will take jurisdiction was given, Robinson said. "The decision lies with the governments concerned." Both he and Kupski feel either nation would provide a fair trial, he added. The maximum Japanese penalty is death.

Robinson said the Army has granted permission for Kupski to re-enact the crime for Japanese police, but said he did not know if this will be done.

Five Drown In Car Plunge

LIVINGSTON, Mont. (AP)—Mrs. Charles Woods, 26, and her four children apparently drowned yesterday when their car went out of control and plunged into the Yellowstone River.

At first it was believed the 28-year-old husband and father also was in the car, but Woods notified the Livingston sheriff's office late last night he had gone to Luther, Mont., to seek employment.

The Woods' children were Betty, 6; Bruce, 4, and identical twins, James and John, 3. The mother and children were en route to the furrier's when the car plunged into the river south of Livingston.

Mrs. Carreon, 46 and from Texas City, Tex., is bound for the Mission de San Juan deep in the Rio Grande Valley. She vowed to the Virgin of San Juan she would make the trip on foot, she has last week in the expectation she said, if her son was cleared of the murder charge.

Cold Weather Due For Area

BALTIMORE (AP)—Five-day forecast:

Temperatures will average two to four degrees below normal. Colder over the weekend. Somewhat warmer Monday and Tuesday. Precipitation will average two to four inches occurring as rain about Monday. Normal highs range from the low 40s in the mountains to 47-50 elsewhere. Lows range from the low 20s in the mountains to 30-35.

Traffic Toll Due To Drop, Council Says

CHICAGO (AP)—The 1957 death toll on the nation's highways might be 1,000 less than last year, the National Safety Council estimated today.

Council officials said their optimistic estimate of 38,600 deaths was based on three factors:

1. Some 31,350 highway deaths during the first 10 months, about 900 less than 1956.

2. During the first eight months of 1957, 5.6 persons died for every 100 million miles of highway travel. Last year, the figure was 6.

3. Twenty-nine of 46 states reporting showed traffic records for the first 10 months of 1957 which were improved over last year. Montana and Idaho showed 20 per cent improvements.

In October, 455 of the reporting cities had perfect records. The three largest were Richmond, Va., Jacksonville, Fla., and Salt Lake City, Utah.

Toupee Damaged In Auto Mishap, Man Seeks \$180

DENVER (AP)—John Goddard, 51, is going to court next month over a hair-splitting case.

He is suing an insurance firm for \$180—the cost of his red toupee. He said in his complaint the toupee was badly torn when he was thrown over the steering wheel in an automobile-truck collision last year.

An attorney for the insurance company said Goddard's policy didn't cover any damage to his head covering. Judge Mitchell B. Johns of Superior Court said they can battle it out before him Dec. 11.

White House To Decide On Nixon's Role

WASHINGTON (AP)—The White House may announce a decision soon as to whether Vice President Nixon will sit in for the convalescing President Eisenhower at the NATO summit conference in Paris next month.

Nixon has said he is ready to go, and apparently the NATO Council expects the vice president to attend the meeting which opens Dec. 16.

The council said yesterday in a statement released in Paris that "it learned with satisfaction that Vice President Nixon would lead the American delegation."

However, the final decision apparently has not yet been made. If Nixon gets the assignment, he would be catapulted into greater international prominence at a time when his role as vice president has taken on added significance at home.

He has spent many hours at the White House since Eisenhower was stricken Monday with a blockage of a small brain artery.

Nixon has maintained throughout that he was not assuming any presidential duties, and has said he expects Eisenhower to be back on the job after a short period of convalescence.

Nixon stood in for Eisenhower yesterday in bidding farewell to the airport to King Mohammed V of Morocco, who was leaving after three days of talks with U. S. officials.

Frigid Blasts Hit Midwest

By The Associated Press

A gust of cold air seeped into the lower Great Lakes, springlike weather held sway in the Northeast, rains doused a vast area east of the Ohio Valley and snow flurries fell in the northern and central Plains regions today.

Forecasters said the band of cold air would bring some of the season's lowest temperatures to Illinois, Indiana and parts of Missouri and Arkansas.

Behind the cold front, snow flurries were common in the Dakotas, Wyoming and northwestern Colorado.

Jordan Seeks Aid

LONDON (AP)—The Daily Mail reported today a Jordanian mission is en route to London to ask Britain to resume the military and economic aid which Jordan gave up last year.

Kefauver Deplores Missile Situation

Solon Claims He's Shocked By Testimony

Declares Picture Not Hopeless, But Hard Work Needed

By FRED S. HOFFMAN

WASHINGTON (AP)—Sen. Kefauver (D-Tenn.) said today three days of testimony on the status of the U. S. missile program shows the situation "is worse than I thought it was."

Kefauver, a member of the Senate Preparedness subcommittee conducting the missile-satellite probe, said in an interview the testimony by defense officials, intelligence specialists and scientists added up to "shocking evidence of how the country has gotten behind" Russia in certain scientific-military fields.

More Time, Effort Needed

But the Tennesseean said "the picture is not hopeless," adding: "We've got to give more money and attention to missiles, satellites and scientific development and education. We can catch up and get ahead if we only put our will to it."

In saying testimony showed the U. S. missile position in relation to Russia is worse than he thought it was, Kefauver refused to go into detail.

Other subcommittee members who sat in on a closed-door intelligence briefing Wednesday said afterward they heard a "sad and shocking" story on Russian military-scientific progress. The briefing was given by Allen Dulles, chief of the Central Intelligence Agency.

These senators, too, declined to say just what they learned from the CIA brief. But it was reported last night the subcommittee was told Russia now has a few submarines, possibly four, capable of firing a missile with a nuclear warhead up to 700-900 miles. Other vessels in Russia's sub fleet, estimated at about 450 boats, were reported being readied for such missile equipment.

One informant said the reported Soviet sub-missile capability "means they are practically in a position to wipe out any major city on the eastern seaboard." He did not say, however, that any of the Russian subs now are stationed within missile range of the East Coast.

The CIA was quoted by one source as reporting the Russian subs could launch missiles while still submerged. The weapons were described as of the "cruise" type—presumably a guided missile—rather than a ballistic missile.

U. S. Has Small Number

The U. S. Navy has a small number of submarines equipped with the Regulus, a subsonic missile capable of carrying a nuclear warhead up to about 800 miles. In addition, the Navy is developing the Polaris, an intermediate range ballistic missile designed to be fired from beneath the surface of the ocean. However, development of the Polaris has been described as being behind that of the Army's Jupiter IRBM and the Air Force's Thor. IRBMs have a planned range of up to 1,500 miles.

Kishi Gets Cool Aussie Greeting

MELBOURNE, Australia (AP)—The first visit of a Japanese premier to Australia was met today with solemn faces and a cool, sultry air.

The usual flag-flying reception was missing as Premier Nobusuke Kishi landed to begin a seven-day visit. Kishi is touring Southeast Asian nations.

He was met here by Prime Minister Robert G. Menzies, Victorian State Premier Henry Bolte and Trade Minister John McEwen.

GI HELD IN SLAYING—Army Specialist Gregory J. Kupski, 23, of Detroit, is shown today in Yokohama, Japan, where he is charged with slaying a Japanese girl, 25, whose nude body was found in an alley Nov. 17. He is undergoing mental tests by Army. (AP Photofax via radio from Tokyo today)

African King Faces Crisis Over Colony

WILLIAMSBURG, Va. (AP)—King Mohammed V of Morocco turned his attention today from an American sightseeing tour to an irregular war back home over the Spanish colony of Ifni.

The King was to confer on the fighting with the chief aide of his son, who has been running the Moroccan government since Mohammed fled to Washington on Sunday.

The aide, Col. Moulay Hafid, flew in from Rabat.

Mohammed flew here in a special Air Force Constellation after Vice President Nixon bade him a warm farewell in Washington. Aides said the 48-year-old monarch was immensely pleased with results of his talks with Secretary of State Dulles.

Hafid, aide to Crown Prince Moulay Hassan, arrived later to brief the King on fighting in the tiny Spanish colony of Ifni facing the Atlantic and surrounded by Morocco on three sides.

The fighting broke out last weekend. Moroccan officials spoke of revolts in Ifni, implying uprisings by the Berber tribesmen who live in the 74-square-mile enclave. The Spanish said the fighting arose from raids by the Moroccan Liberation Army, an irregular force not directly controlled by Rabat. The strongly nationalist liberation army spearheaded the military campaign that won Morocco freedom from French control last year. Since then it has sought to add to Morocco some territory claimed as Spanish Sahara and French Algeria.

Hassan charged in Rabat that Spanish forces had launched attacks from Ifni on Moroccan territory. He said the royal army had been ordered to fight back. This was the first indication that official Moroccan forces might become involved alongside the irregulars.

Three men were held in jail in lieu of bonds ranging up to \$350 on charges that included disorderly conduct and failure to obey the order of a police officer.

Wealthy Swede, Ingrid's Friend, Flies To London

LONDON (AP)—Lars Schmidt, Swedish businessman friend of film star Ingrid Bergman, flew here today from New York to spend the weekend in London on what he said was private business.

Miss Bergman, who recently separated from husband Roberto Rossellini, is making a film in England.

Asked if he would meet her, Schmidt grinned and said: "I may bump into her in the street."

Football Star Killed

RICHMOND, Va. (AP)—Charlie Sidwell, William and Mary football star recently signed to a contract with the Cleveland Browns, was killed today in a highway Sputnik scare in a two-week crash on U.S. 60, six miles east of Richmond.

On Nov. 12 at Novara, not far from here, someone rigged up a spherical shape, about 12 to 15 inches across, on which the tiny satellite is mounted.

After about 40 miles of ascent, the seven-foot-long asbestos-plastic nose cone of the rocket will split in two and fall off, leaving the satellite exposed for the rest of its climb.

The nose cone will protect the satellite from aerodynamic heating expected to reach 1,300 degrees Fahrenheit.

The third-stage rocket has been the most classified of all components of the 72-foot-tall, 22,000-pound Vanguard launching vehicle. But the Martin Co., which built and will fire the rocket, gave a peek at it in pictures it released today showing the 6.4-inch, four-pound test sphere mounted on the rocket.

Doctor Says Progress By Ike Is Good

Excellent Recovery From Stroke Shown, Takes Trip By Auto

WASHINGTON (AP)—President Eisenhower set out by automobile today for a weekend or more at his Pennsylvania farm in a striking new demonstration of speedy recovery from his mild stroke.

The President, piling the move on top of yesterday's burst of activity which included surprise attendance at a Thanksgiving church service, went with full approval from his doctors, the White House said.

The plan for the trip to Gettysburg, announced yesterday on a "hope" basis, was made firm earlier today on the basis of a new medical report of continued "excellent" recovery progress.

Crowd Watches Departure

"The doctors have agreed it is perfectly all right for him to make the trip," press secretary James C. Hagerty said.

Some 150 to 200 persons waited near a White House gate to watch the Eisenhowers leave.

The President and First Lady smiled and nodded to the onlookers.

The presidential auto was followed by a Secret Service car and another White House limousine carrying Maj. Gen. Howard M. Snyder, White House physician, and some staff members.

Eisenhower had a long sleep, from 8 o'clock last night until 6 this morning, Hagerty said. It was not that he was overly tired, Hagerty said. He had a busy Thanksgiving day, going to church and presiding over a family dinner. Hagerty said Eisenhower retired shortly after dinner.

How long they will remain is questionable, but Hagerty said it will be at least through the weekend.

Hagerty said he probably will be unable to announce anything more definite about the stay at the farm until Sunday.

A Cabinet meeting is scheduled Monday. And on Tuesday, congressional leaders of both parties are coming to the White House for a briefing on military and defense matters and the legislative program for the new congressional session.

No Change In Plans Seen

There has been no change, Hagerty said, in plans for the session with congressional chiefs. But whether Eisenhower personally will sit in still is up in the air.

Hagerty read this brief 8:30 a.m. bulletin from the White House physician, Dr. Howard M. Snyder:

"The President had a good night's sleep. He slept almost continuously from early last evening until 6 o'clock this morning. His progress continues to be excellent."

While Hagerty was speaking, Eisenhower was conferring with his chief assistant, Sherman Adams, and Brig. Gen. Andrew Goodpastor, White House staff.

(Continued on Page 2, Col. 5)

Another Sputnik Alarms Drivers, It's Just Hoax

ASTI, Italy (AP)—The object in the field on the Turin-Genoa road had a metallic glow and smoked. Up close it could be heard sputtering.

Fearful motorists thought it might be a Sputnik come to earth. Police arrived, gingerly kicked at it, then grinned. It was a fireballerboard tube painted with luminous paint and with gasoline-soaked rags burning inside.

So ended north Italy's second week of Sputnik scare in two weeks.

On Nov. 12 at Novara, not far from here, someone rigged up a spherical shape, about 12 to 15 inches across, on which the tiny satellite is mounted.

After about 40 miles of ascent, the seven-foot-long asbestos-plastic nose cone of the rocket will split in two and fall off, leaving the satellite exposed for the rest of its climb.

The nose cone will protect the satellite from aerodynamic heating expected to reach 1,300 degrees Fahrenheit.

The third-stage rocket has been the most classified of all components of the 72-foot-tall, 22,000-pound Vanguard launching vehicle. But the Martin Co., which built and will fire the rocket, gave a peek at it in pictures it released today showing the 6.4-inch, four-pound test sphere mounted on the rocket.

H-Bombs Stir British Anxiety

London Paper Says U.S. Craft Must Carry Weapons

LONDON (AP)—While Laborites continued to express misgivings about U. S. bombers making training flights from Britain with H-bombs aboard, the British press rallied to the Conservative government's stand today.

The most widely read paper in the country, the Daily Mirror, said today East-West tensions fully justify arming the bombers with nuclear weapons. The independent newspaper usually supports the Labor party.

The carrying of bombs was revealed in the House of Commons Wednesday when Foreign Secretary Selwyn Lloyd said he "should think" they do. Prime Minister Macmillan stepped in to allay some of the apprehension raised.

Macmillan said U. S. authorities have taken elaborate precautions to prevent a nuclear blast should a bomb-carrying plane crash. He explained that the planes carry bombs in separate parts that have to be expertly assembled before a nuclear explosion is possible.

"Can you give an assurance," he was asked by Labor Leader Hugh Gaitskell, "that there is no danger, if one of these aircraft were to crash, of a nuclear explosion resulting?"

"Yes, sir," the Prime Minister replied. "I am told there is no danger of an explosion."

"... The American government forces make it a practice to keep always ready, when one of these patrols is in the air from ourified,"

based, a special tanker machine which can go up and help refuel an aircraft so that, if there was a question of it not being able to fly in this country, it could fly back to its own base in America."

Some Labor groups reacted to the news with resolutions opposing the practice of flying H-bombs around over Englishmen's heads.

The Daily Mirror said in a front-page editorial that "in the state of the world today this desperate precaution is—unhappily—justified."

Tiny U. S. Test Satellite Not Visible To Naked Eye

BALTIMORE (AP)—The tiny test satellite the United States hopes to launch Dec. 4 will not be visible to the naked eye, but its five-foot-long brightly painted third-stage rocket will be seen.

It should provide plenty of opportunities for visual tracking as it trails the little beeping satellite across the heavens.

The third-stage rocket has been the most classified of all components of the 72-foot-tall, 22,000-pound Vanguard launching vehicle. But the Martin Co., which built and will fire the rocket, gave a peek at it in pictures it released today showing the 6.4-inch, four-pound test sphere mounted on the rocket.

Fraternities Plan Fight To Retain Race Barrier

COLORADO SPRINGS, Colo.—The nation's college fraternities set out today on what may be an organized fight to preserve racial and religious discrimination clauses in their constitutions. A committee of the National Interfraternity Conference in progress here issued a report naming 63 U. S. college campuses on which it said antidiscrimination "agitation" is practiced.

The report criticized what it called "planned attempts to reduce Greek-letter societies to a position of impotence, if not to eliminate them entirely."

It was to be submitted for approval or disapproval today to the General Assembly comprising more than 700 college students and alumni who represent 61 national fraternities. The three-day conference opened yesterday.

Francis S. Van Derbur of Denver, conference chairman, said the report prepared by a committee on fraternity autonomy was "a well-considered document by some of the finest minds in the fraternity system."

The committee chairman is Herbert L. Brown of Philadelphia, an alumni member of Phi Sigma Kappa.

The report rapped the universities of Massachusetts, New Mexico, Oregon and Washington and Kansas City and Lewis and Clark colleges as schools which have announced they will not permit fraternities which prohibit membership on the basis of race, color and creed.

Amherst and the State University of New York were sharply criticized for ordering social fraternities to revise their charters or leave the campus.

Scientist Shortage Blamed On Alien Laws

ROME (AP)—Rep. Emanuel Celler (D-NY) today said strict U. S. immigration laws are partly to blame for a shortage of trained scientists in the United States.

In answer to a news conference question, Celler declared: "There is a reasonable connection between restrictions on immigration and recent U. S. shortcomings in the missile and satellite race."

Federal Road Work Listed In Maryland

WASHINGTON (AP)—The Bureau of Public Roads has reported that 2,576 miles of the 41,000-mile interstate highway system have been begun or completed since the federal-aid highway act became law 15 months ago.

The cost has been an estimated 1½ billion dollars, the bureau said yesterday.

When the network of superhighways is completed it will link 90 per cent of all U. S. cities with a population of 50,000 or more.

Between July 1, 1957, and Oct. 31, 1957, Maryland completed 2.3 miles of interstate highway at a cost of \$1,825,000 with \$1,024,000 of it federal money.

Virginia has built 16.7 miles costing \$1,379,000 of which \$762,000 was federal money. Tennessee has built less than a half-mile costing \$27,000, with \$16,000 of it in federal aid.

Doctor Says

(Continued from Page 1)

secretary, on official business. Hagerty said that he and Dr. Snyder were the only White House officials also making the trip to the farm.

The new medical progress report and the firming up of plans for the Gettysburg run, together with yesterday's surprise burst of activity, added up to a signal of a faster recovery pace than had been indicated by Eisenhower's doctors.

The White House continues to emphasize that the road to complete recovery still stretches a good distance into the future. His physicians are pictured as believing Eisenhower must have several weeks of rest before he can return to his job full time.

Eisenhower pulled one big surprise yesterday. He went to Thanksgiving Day services at the National Presbyterian Church.

There were these other encouraging developments:

1. The White House physician, Maj. Gen. Howard M. Snyder, put out another medical bulletin reporting the President was continuing to make excellent recovery progress.

2. Eisenhower may go to the Dec. 16-18 Paris NATO Council meeting after all. The White House said Eisenhower's doctors will decide later. Vice President Nixon will head the U. S. Delegation if Eisenhower can't go.

3. The President presided at the White House Thanksgiving dinner. With him and the First Lady in the family dining room for portions of a 40-pound turkey were their four grandchildren and the youngsters' parents, Army Maj. and Mrs. John Eisenhower.

4. James C. Hagerty, White House press secretary, reported that in his nonmedical opinion the President is having much less speech difficulty — the only abnormality his doctors noted after his seizure. Hagerty said he found it hard to believe how much improvement there has been in Eisenhower's speech.

5. The doctors sent word to newsmen, through Hagerty, that they have discovered no evidence that the President has arteriosclerosis, or hardening of the arteries.

OUR COUNTRY

The union of hearts, the union of hands and the flag of our Union forever.—MORRIS.

Should Be Better

WARNINGS HAVE come from many quarters that America must be careful, in stepping up its education programs to offset the Russian scientific breakthrough, that it does not try to turn out science robots. What many keen-minded educators are concerned about is that we shall produce trained individuals who, while having a sharply developed scientific bent, shall above all be rounded human beings. This means that they should bring to their work the insight and perspective of men who grasp values and have a steady awareness of the political, economic and social frame within which they labor. To some Americans, the placing of this emphasis may suggest that we are already doing a good job of keeping human values and the broad perspective of affairs uppermost—that the danger is that science may narrow and limit our focus.

THE TRUTH SEEMS to be otherwise. Many educators feel, for one thing, that the scientists and engineers we train tend too often to be specialists set in a kind of social vacuum, unable to see beyond the end of their slide rule. But there is a worse aspect. The uncomfortable fact is that, as we lag in science, we don't really do a very good job in the humanities and social sciences, either. It's an old story now, but it is still the story, that students at both the college and high school levels often test poorly in fundamentals like history, politics, economics and geography. As for art, philosophy and the study of religions, there seems to be even less grasp of these. Education in America appears to be hitting merely a glancing blow in all too many cases. And arguments continue to rage as to the extent to which the students, the teachers, and the educational system are to blame.

WE ALL KNOW we have long suffered a shortage of teachers and that many we have are poorly trained or ill suited to the work. We know, too, that with the countless bright distractions of today many students look in school for the paths of least resistance. Those who assail the system say it allows the student too much freedom to select easy courses, puts too much stress on practical "how to" studies which an individual can as well learn for himself in other ways, and devotes too much time to "life adjustment"—getting along with other students, the teacher, etc. However the blame should fall, the point would seem to be that it should fall somewhere. No matter what the Russians do or don't do, we need better education, and a better educational product, than we get today.

Drinking On The Job

ALTHOUGH MUCH is heard about alcoholism, few persons realize the extent of alcoholism's impact on business and industry. Accurate figures are hard to come by. Nevertheless, there is good reason to believe that on a nationwide basis about one of every 50 employees is a problem drinker. The cost of this, not only in terms of human degradation but in working time lost, is tremendous. Figures prepared by the Yale Center of Alcohol Studies show that the effects of alcohol keep the average problem drinker away from his job 22 days a year. The alcoholic also has twice as many accidents as the non-alcoholic, is ill more often than other employees, is less efficient than others, and has a much shorter life span. This adds up to a serious problem, especially at a time when most business and industrial firms need all the skilled personnel they can get. Something is being done about the problem in various areas. A survey of the situation by Dr. Harry Levinson, director of the division of industrial mental health of the Menninger Foundation, makes it clear that much more must be done. Although most of the states have by now taken official note of the problem of alcoholism, Dr. Levinson reports, "facilities for treatment are painfully inadequate and most therapeutic efforts are stop-gap and emergency in nature." He also notes that industry "has been reluctant to face the problem." There are notable exceptions to this. Some large firms have effective programs for helping employees who are problem drinkers. A much broader and deeper public concern is needed, however, to meet a growing need.

The Thrill That Comes Once in a Lifetime

A WEBSTER CLASSIC

THE SPANIEL FINDS SOMEONE WHO IS ACTUALLY AFRAID OF HIM

Thomas L. Stokes

Solons, Ears Open, Give Heed To Scientist

WASHINGTON — For many years some of us have seen all sorts of people in the witness chair in the Senate caucus room as one after another investigating committees explored all variety of subjects. Bankers, stock market speculators, labor racketeers, business racketeers, Joe McCarthy and so on.

All mundane, down-to-earth stuff. But if a few years ago a witness had sat down quietly and spoken calmly and impressively about going soon to the moon, and talking as if he intended to be among the voyagers and knew what he wanted to find out there—why, some Senator surely would have called a cop and had the gentleman ushered out. And good riddance, all would have agreed.

But there he was now, and earnest Senators sat enthralled and hung on every word of Dr. Edward Teller. For they knew that the "father" of the hydrogen bomb knows what he's talking about. In fact, after the big bombs and all that, everybody will believe anything is possible—even Senators.

AS DR. TELLER spoke to the Senators, we then and there saw this world merely as a stepping-off place for others. We realized that we had better hurry into the ether and get used to thinking in terms of space and the rockets that soon will populate space and must get the younger generation to crain their minds with science—or else.

Most of the Senators who are listening to Dr. Teller and the other scientists are of an age that make these concepts fantastic. It is apparent that about all there is to do for Senators is to

vote the money the scientists, one after another, are testifying is necessary in this newest Senatorial investigation.

It was the idea of the Democratic party's Senate leader, Lyndon B. Johnson of Texas, to find out why we are behind the Russians and what we ought to do to try to catch up.

THE SENATORS, solemn stewards of our democracy, are just so many students sitting at the foot of the scientists. Like pop-eyed, sober little boys in school, they are taking it straight from the scientists that, while we reposed in the lull of the false security of our atom and hydrogen bombs and fast airplanes to "deliver them, the Russians started immediately after World War II to concentrate on missiles and rockets so that, once they got the bombs, they could deliver them with missiles and rockets. They got ahead on missiles, and we never have caught up and won't unless we hurry, say the scientists.

There are Senators, of course, who have known and have been warning us, such as Stuart Symington, formerly Secretary for Air in the Truman Administration. Handsome in his Presidential pose, he sits at the end of the table looking stern and owlish and "I told you so," all the while nodding about what he knows.

SYMINGTON nodded vigorously and even smiled condescendingly when Dr. Teller repeated the common assumption fashionable among our people—that we dismissed the Russians as having only a few scientists of their own and depending chiefly on German scientists they captured in the war. Scientists have long recognized that old fiction and knew

that Russians had many fine scientists of their own.

Like a professor lightening his lecture with a whimsy, Dr. Teller explained that there are two classes of people in Russia who live well and are generally respected. Those are, first, officials of the Russian government, at least as long as they escape purges and firing lines.

The second privileged class consists of scientists. That is why all Russian boys want to be scientists. Dr. Teller said in his discourse about the need of scientific education.

HE TALKED eloquently about how scientists and science are honored, and how more scientific books are sold in Russia than in any other country, and how Russian scientists are able to explain science to make it understandable and interesting even to laymen. Another incentive, of course, is that scientists are well paid.

Dr. Teller would not have us follow the Russian system; but he thought it might be well if our students who are bright in science might be regarded at least equally with football players.

He advised parents to abstain from transmitting to their children the idea that, because the parents themselves were not good in mathematics and science those subjects are not important. Children, instead, should be encouraged to an interest in science.

But, looking at it all from the distance of another generation, it is comforting thought that our schooling long is over and we won't have to learn all those things facing the younger generation so they can appreciate space and trips to the moon.

"Spending Prosperity" Is Again Heard

WASHINGTON — (NEA)—One of the old Republican charges against the Democrats was that Presidents Roosevelt and Truman brought prosperity only by getting the country involved in big spending programs for war and national defense. But the shoe is on the other foot, now, and beginning to pinch.

Big business expansion has slowed down. Productivity has leveled off. Personal income totals are declining.

The wholesale price index has dropped slightly. Retail prices for October are near the September level, indicating a possible end of the precipitous price, rise spiral.

Unemployment is rising and there are even admissions from officials like Secretary of Labor James P. Mitchell that it will continue to rise through February.

None of these declines is great. They indicate that the economy is in a delicate balance which can swing either way.

THE GENERAL trend is described by the new economic phrase of "sidewise." It means neither up nor down. But this "movement" was enough to cause prophets of gloom like AFL-CIO President George Meany to sound off again against the administration's tight money and balanced budget policies.

This is regarded by some Washington economists as crying over conditions and causes that are no longer valid.

Federal Reserve banks have already begun to ease off on interest rates. And the obvious need of higher government appropriations for missile production makes the prospects for a

balanced budget next year extremely doubtful.

The level of government spending for next year has not been determined and won't be—by Congress—for seven months.

But if the Eisenhower administration is forced into a big missile spending program, and if it checks rising unemployment, it will give the Democrats a chance to accuse the Republicans of having to spend the country back into prosperity.

NORMALLY unemployment takes two big jumps during the year. The first is in June, when over a million high school and college graduates start looking for jobs. Until they get jobs they are listed as "unemployed." The second is in February, after the Christmas rush and before the spring farm pickup.

Total unemployment was over three million last February. It was two and a half million for October. Some predictions are that the total will be close to four million next February. This would be a new high for the Eisenhower administration. But Secretary Mitchell says it won't be serious if kept below six million.

Department of Labor's latest monthly survey on the characteristics of unemployment gives the picture in detail.

There are three principal areas of rising unemployment today, according to state unemployment insurance agencies. They are the Middle Atlantic, Great Lakes and Pacific Coast states.

About a third of the insured unemployment is in New York, New Jersey and Pennsylvania. Pennsylvania and New Jersey showed 4 per cent insured unemployment. New York reported a fall pickup in the apparel industries, but a drop in aircraft industries on Long Island and general industrial unemployment.

ILLINOIS, Indiana, Michigan

Whitney Bolton

Glancing Sideways

NEW YORK — There was once a man in New York, and for all I know his descendants still may live here, whose name was Hyacinth Ringrose. That one name caused the late Alexander Woolcott to start collecting unusual names and, along with him, Texas' own Stanley Walker did the same.

In time, a colleague named Walter Winchell got into the game and stunned us all by finding a man whose name, as Walter said, sounded like falling down stairs: Watterson Jefferson Clump.

Irritated by such triumph, Mr. Woolcott came up with Ecco Homo Thrapp and Mr. Walker walked off with the total honors by discovering Ming Toy Levy.

BUT THESE learned researchers would be thrown for a non plus if they operated today in such areas as the Deep South and the West Coast. There, friends, are honest breeding grounds for bizarre, or at least unusual, names.

True, the West Coast, or Hollywood versions tend to be counterfeited, but even dreaming up such names to take the place of thoroughly acceptable actual names is a feat by itself. Would Rock Hudson, for example, be any less an able and popular actor if he had been allowed to keep his real name: Roy Fitzgerald.

FOR THE MOMENT, let us turn from the fabrications of Hollywood and consider some true names which, if nothing else, have the asset of individuality.

J. Strom Thurmond, Orval Faubus, Elvis Presley, Ferlin Husky, Fess Parker, Marlon Brando.

The first three, I would think, are attaching old family names to their family names. Conceivably Mr. Thurmond's mother was a Miss Strom or Governor Faubus' mother was an Orval, before her marriage. Or because some favored great-uncle way back was a Mr. Orval.

Ferlin Husky is a rising young country music star on TV. It is certified that this is his true name and that it was not made up. In Mr. Parker's case, it certainly is his own name and he changed it only once, when it was discovered that his first name, in France, had somewhat rude connotations. During his tour of France, he changed it to conform to polite usage.

TURNING to Hollywood, consider an actor whose name really

Frederick Othman

Not Passive, Just Creepy

WASHINGTON—I don't really believe that Dr. Edward Teller wants me to join him in a hole in the ground with a portable radiation detector pinned to my lapel. And yet . . .

There was Dr. T., the physicist who was the sparkplug behind development of the H-bomb, urging upon the Senate Armed Service subcommittee two kinds of fighting back at the Russians should they start spewing us with ballistic missiles—active and passive.

THE ACTIVE part I could understand. If they should shoot one bomb in our direction, he said, we should clobber 'em with everything we've got. He also said we ought to advertise to the Russians exactly what we have got on the theory that a little international press agency about tit-for-tat might give 'em pause. That also sounded right to me.

The doctor then went into the passive business. He recommended widespread shelters to shield the people against radioactive fallout.

In the cities he urged deep cellars to protect the inhabitants against blast and fire. He said we should distribute radiation detectors widely so Americans would know which precincts were hot and which were safe.

He said finally that we ought to quit regarding our farm surpluses as a nuisance. He said these mountains of food are priceless assets, which we distribute around the country and store in safe places against atomic attack. He said such stores of food could mean the difference between life and death.

DR. TELLER made an impressive witness. He sat there in a cinnamon-colored suit and thick-soled brown shoes and he spoke in an accent so thickly Germanic

Ohio and Wisconsin accounted for a fourth of the unemployment, due largely to declines in automobile production during model change-overs. Michigan reported highest insured unemployment in the nation, 6.8 per cent. This is what set off Walter Reuther and other union spokesmen in demands that the government do something.

Cutbacks in aircraft manufacture hit Oregon, Washington and California. The totals were swelled in California by auto model change-over and in Washington by cutbacks in lumbering industries.

Since aircraft production and aircraft parts suppliers are concentrated in these 11 states, any expanded government spending program for missiles would greatly change the unemployment picture. But since it will take some months to get such a program into full operation, a drop in unemployment may not be expected before next spring or early summer.

was Hollywood and he had, therefore, to change it. You know him as Lyle Talbot. His honest monicker is Lyle Hollywood. But, for that matter, a man came to our house one day to paint a porch and his name was Ermon Broadway. He had no intention of changing it.

An actress named Gale Storm can thank the Los Angeles branch of the United States Weather Bureau for her name. Her then studio, wanting to change what she had, asked the Weather Bureau men for suggestions. They called back with Gale Storm. But whoever would think of naming a defenseless child Yul Brynner?

BUT THEN we go to such imaginative skids in invention as the Messrs. Rip Torn, Tab Hunter, the aforementioned Mr. Hudson and, a new one, Close Half, an obvious attempt by some press agent to make a variation on Close Quarters.

Everyone alive must know that Miss Joan Crawford, one of this reporter's favorite ladies, had so theatrical a true name that she felt compelled to change it in fear that no one would believe her own name was real: Lucille Le Sueur. Obviously, it she had kept her own name, almost the entire world would have said: "What a contrived name!"

ONCE, AS HAS been related here before, this writer was asked to provide a professional name for a young, married actress with perfectly good names. Her maiden name was Phyllis Isley. What's wrong with that? Her married name was Phyllis Walker. And what's wrong with that?

But she had to have a new name and in a spurt of desperation, following ennu, I decided on a thus far unused first name (unused in films, that is) plus a common name known to all America, and the result was Jennifer Jones.

Later some less energetic troll, faced with having to name a lovely young Viennese immigrant for film use, did a copying job and came up with Vanessa Brown. And then, of course, there is Alexis Smith.

A gentleman of great industry and talent is named George Durgum, a fine, easily remembered and honored name, but is he known as that? He is not. He is known as Bullets Durgum. And all Barrymores are really Blythes.

(McNaught Syndicate, Inc.)

Hal Boyle

Reporter's Notebook

By SAUL PATT
For Hal Boyle

NEW YORK—This is a lonely town for people who are alone. You may think every town is lonely for people alone but this is the town I know.

If you have nobody to talk to except a cactus plant, you may feel sorry for yourself.

I have made sort of a study of loneliness in this town — along the streets, in the libraries, in the public parks, in the restaurants, and the case studies which follow have the single virtue of fact.

To the library at 42nd street—that's the one with the lions in front—a man called Harold came almost every night, after work. He made a slight pretense of consulting technical journals but mostly Harold came to talk with the ladies at the information desk.

HE CAME TO TALK, but he came also to feed the pigeons on the front steps. Especially, a lame pigeon.

He talked about his aunt and uncle in Boston. He lived alone in New York. Then one day he told the girls at the desk that his aunt had died. Then his uncle died, and Harold went up to look after their personal effects.

Two weeks later, the girls at the information desk read that Harold had died. It was one of those stories. He had jumped or fallen from his 12th-floor apartment.

But the sharpest etching in loneliness you'll find in New York is at the Automat, the coin cafeterias.

I have it on the word of one Automat manager that, having nothing else to do, having sat in the park or caught a movie or watched the afternoon TV in their room, lonely people can't resist coming to the cafeteria for dinner as early as 5 p. m. Then they try to stretch it to 9 or 10.

I sat near three such old ladies one afternoon. First, they got their silverware and napkins, and then they spread extra napkins as table-mats. Then they talked.

Then they got their tomato juice. Then they talked. Then they got their main course. Then they talked. Then they got their dessert. Then they talked. Then they got their tea.

THE CONVERSATION I overheard was something like this:

"I hear Frank had a heart attack. And he has such a good job, cashier."

"That's too bad." Pause. "You know this tomato juice is improving."

"Soon, it'll be time for me to wear my green coat," said one of the old ladies, rubbing arthritic fingers, trying to maintain her dignity with no place to go, nothing to do. "Doris said a swell man took her out. I'll find out what a swell man he is. I'll find out."

The tone implied she hoped to find out the man wasn't so swell.

"Sylvia bought a new hat and a new dress. Her children had her out last Sunday. They paid for a cab both ways."

This brought a long pause until finally the third woman, who wore a bird's nest hat, sighed. "I think," she said, "I'll get some dinner."

(Associated Press)

Phyllis Battelle

Assignment America

NEW YORK — "You know, there are lots of people in Hollywood — the biggest stars, I mean—who are very spiritual. Wonderful people."

"But nobody writes you up for reading the Bible. You smoke marijuana and you get plenty of publicity. Presumably nobody cares if you're addicted to good deeds."

So saying, producer Lew Kerner's face lit up unexpectedly, inspiringly; almost like Cecil De Mille doing a take on his Philistines.

"It isn't right. Yet that explains why you've got to forget the 'star system' when you're making inspirational films for television."

Mr. Kerner, an East Side New York lad who's rather proud of the fact that he might easily have become a mobster but didn't, is the dynamo behind a new series of spiritual TV films called "Minutes of Prayer." They are 365 individual prayers of all faiths, 60 seconds each, narrated and illustrated with artistic color movies which soon will be spotted on TV stations across the U. S.

"DOZENS OF THE biggest names in Hollywood asked if they could be in these films—volunteered to do them free—but they would have detracted from the devotional message," (Kerner visualized teen-agers saying, "Ooh, there's Anthony Ross!") rather than quietly praying for humility.)

"So what we used is the greatest script in the world—the Bible. And the greatest cast in the world—just people."

Backed by leaders of the three major faiths and hundreds of service clubs and institutions who have seen previews of his minute-long prayers, Kerner feels he cannot fail to sell them to all the major stations of the country. Since they are too brief for sponsorship, "the stations should put them on as a public service."

"Our try-out town is Houston, Texas, and the station there is getting more mail about TV prayers than about their celebrity network and local shows."

The Minutes of Prayer deal with "all of mankind's problems," Kerner says. "We have prayers about the monotony of life, prayers about mothers and fathers and dogs and cats (the children's things break me up), prayers about studies and work. We have Negro and white kids playing and praying together . . ."

"Someday soon they'll be showing those films in Little Rock. I assure you. And they've got to, subconsciously, get the message across to the people."

KERNER IS A TALL, lean man who claims he "doesn't know how I escaped being a juvenile delinquent," unless it was because his instincts were good. He knows, from his lower East Side days, a number of residents of Sing Sing. After trying a number of positions he found himself, after the war, as executive talent director for Samuel Goldwyn.

Then his wife, a patrician beauty and a religious mother to their four children, mentioned one night that she was "appalled" at what their kids were seeing on TV. "Wouldn't it be nice," she challenged, "if somebody, someday, would do something good on television?"

Kerner sat back. When he thought of the word "good," he thought of his wife. When he thought of his wife, he thought of religion. When he thought of religion, he thought of prayer.

"The result: Pray-TV."

(International News Service)

No Cure-All
For City Auto
Traffic Seen

McKeldin Dedicates
Harbor Tunnel But
Sounds Warning

BALTIMORE (AP)—Gov. McKeldin believes the highways of tomorrow should run to and through cities, not merely around them. He voiced his opinion today in a speech prepared for dedication ceremonies of the four-lane highway tunnel under Baltimore Harbor.

The 130 million dollar tunnel was constructed to route traffic around the city and the so-called "Baltimore bottleneck," cutting transit time through the city from up to an hour to five minutes. It is scheduled to open one minute after midnight tonight.

The toll charge for the 15-mile long project is 40 cents.

McKeldin praised the workers for "this greatest construction feat in Maryland's history—from the men who mixed the mortar to the men who planned and supervised the job."

No Traffic Cure-all

But, he cautioned, "in the midst of our jubilation here, let me sound a word of warning."

"Despite the magnificence and utility value of this great tunnel, it is no cure-all for the traffic troubles of the city."

"It is true that the tunnel transforms one of the most difficult cities through which to drive—to one of the easiest. But I must remind you again that Baltimore is not primarily a city through which to pass. It is a city in which to transact business, manufacture and distribute goods, and a leading world seaport."

New Arteries

"New and adequate arteries must be provided for the flow of commerce within the city itself. More convenience must be provided for those who live and work within the city and its immediate environs as well as for those who arrive from distant points."

"Those trade routes of the greater city of tomorrow must run to and through the business heart of the city—and not away from it—not just around it."

"Parking facilities that can be operated at moderate costs to the users must be established in numbers and with capacities of which we hardly have dared to dream."

Radio League
Praises Priest

GREEN BAY, Wis. (AP)—A priest who doubles as a ham radio operator has been cited by the American Radio Relay League for his part in handling emergency messages during a blizzard.

The Rev. Fidelis V. Filippek, chaplain of St. Vincent's Catholic Hospital here, received the "public service" certificate after extensive investigation by the league.

Father Filippek was chaplain at St. John's Hospital, Huron, S. D., when a blizzard struck the Dakotas and Nebraska early in April of 1936. He spent nearly all his time during a two-day period keeping in touch with other operators relaying messages to emergency personnel. Regular communication lines were down at the time.

Sailor Rides Bikes
Around Oahu Island

HONOLULU (AP)—James Crockett, a 20-year old sailor stationed here, rode around the island of Oahu on a unicycle. He did it on a bet.

The trip, some 94 miles, took him 27½ hours, with rest and eating stops. One friend led the way on a regular bicycle, another followed in a car.

Oahu is Hawaii's third largest island, and site of Honolulu.

Inmates of the Iowa State Penitentiary recently built a shiny pink sports car from a pile of junk. They aren't going anywhere. They are students in the auto repair shop operated under the prison rehabilitation system.

The pictorial and ship model history of shipping in the Great Lakes is perpetuated in the Wakefield Nautical Museum at Vermilion, O.

Treat

in
Petti-pleat
by
Van Raalte

Every girl deserves a treat now and again. The next time you (or the gift-giver in your life) feels so inclined — make it either or both, of the Van Raalte beauties, flounced, knee deep, in pleated scalloped lace.

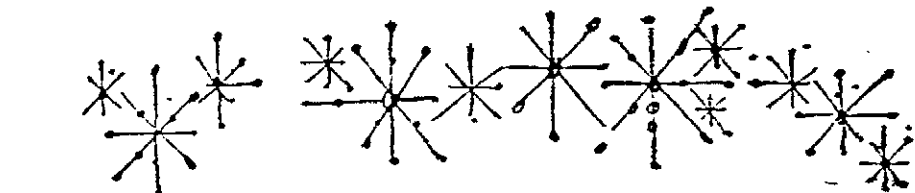

If you are already a "Petti-Pleat" wearer, you'll find a new treat in the pretty lace insertion that is now scalloped!

Both come in Van Raalte's exclusive nylon tricot Opauelon. Both fit as though made to order — in your very own proportions!

St. John's Aid Plans Supper For Dec. 3

The Ladies Aid Society of St. John's Lutheran Church made final plans for the ham and oyster supper December 3, at a meeting at the church. Mrs. John Keller presided. The supper will be served from 4 to 7 p. m. in the social room of the church.

Mrs. Fay Thompson is chairman of the supper and Mrs. Lester Hudson of the dining room. Mrs. Catherine Ort conducted the devotional for the 17 members present.

ITU Auxiliary To Hold Yule Dinner Dec. 5

Women's Auxiliary—52 to Cumberland International Typographical Union 244 met recently at the home of Mrs. Mary Lutejan, 115 1/2 Frederick Street.

Plans were made for the Christmas dinner which will be held at Moon's dining room December 5 at 6:30 p.m. Following dinner a jingle party will be held at the home of Mrs. Lutejan.

At the business session Mrs. Ronald Sterne was elected publicity chairman for the Auxiliary.

Games were played and a prize was won by Mrs. James Biller. Others attending were Mrs. Samuel Graham, Mrs. Harold Shaner, Mrs. Burland DeBolt, and Mrs. Sterne.

Mrs. John E. Haus Jr. Feted At Post-Nuptial Shower

Chapter to Entertain Husbands Dec. 27

Mrs. Edward O'Rourke presented the cultural program on "Safety" at the meeting of Alpha Chapter, Beta Sigma Phi sorority, at the home of Mrs. Carl Martin, Arundel Street. The chapter will participate in the sale of Christmas greens at the sorority booth, corner of Baltimore and Centre Streets, December 20 and 21. Mrs. William Cooley presided at the business session.

The chapter will entertain husbands and friends of members at a dinner December 27 at the Ali Ghan Country Club. It will be preceded by a cocktail party at the home of Mrs. Cooley. An informal get-together will be held Friday at Anton's.

Two new members, Mrs. Kate Sampson and Miss Maureen Manley were presented. The next meeting will be at the home of Mrs. Paul Poorbaugh, Corriganville, December 10.

Exhibit Marks Meeting Of NC Homemakers

An exhibit of achievements of members of the North Cumberland Homemakers Club marked the meeting held at Fairview Avenue Methodist Church social hall. Mrs. Henry T. Pyles presided and Mrs. G. William Eichner accompanied the group in singing two selections. Mrs. M. A. Marguerita gave the Civil Defense report.

Roll call was answered with new foods tried recently. Mrs. Dorothy Cousins, Edinburgh Scotland, gave Scottish recipes. Mrs. Eichner and Mrs. Ralph Brotemarkle reported on the county meeting at the Ali Ghan Country Club and the trip to Lancaster was discussed by Mrs. G. Frank Young, Mrs. Charles Cook and Mrs. Cousins. Achievement day was discussed and an exhibit held. It included all kinds of rugs, canned fruit and vegetables; knitted and crocheted sweaters, blouses, sleeping socks, booties, ceramics of all kinds, hand made and embroidered pillow slips, dresser scarves, jewelry, needlepoint pictures and favorite flowers. Mrs. Brotemarkle was in charge.

A Christmas party was planned for December 19. It will be held at 7:30 at the church with Mrs. Eichner in charge. Mrs. Lola Stewart and Mrs. Paul Bradour were honored on their birthdays. Refreshments were served in keeping with Thanksgiving. Mrs. Stewart was chairman.

Boast Largest

The Methodist church, with 9,180,428 members, is the Protestant denomination with the largest membership.

Wall Street Hears...

NEW YORK — (INS) — Wall Street Hears: Campbell Soup sales for the year to end July 31 are expected to be 5 per cent above the previous year...

American Gas & Electric will show about \$2.22 a share this year vs. \$2.04 in 1956. Projection for a further rise in 1958 is based on rising power sales, up from 20.7 million in 1956 to 21.6 million this year and are expected to reach 23.5 million in 1958.

Gillette Company may show net of about \$3.10 for the full year, down from \$3.40 reported last year. However, the earnings trend has been higher in recent months. Third quarter net was 79 cents vs. 72 and the fourth quarter outlook is favorable...

Southern Natural Gas 1957 income will be in the neighborhood of \$2.50 a share vs. \$2.35 in 1956 on a smaller number of shares. Growth record indicates to some analysts that even higher earnings are in store for 1958. An \$18 million rate increase plea is pending...

Earnings of Sylvania Electric this year seen down ten per cent from net to \$4.10 in 1956 despite expectations of record sales...

Net of \$3 million seen for National Tea, compared with little over \$7 million a year ago...

Market comment—Gerald M. Loeb of E. F. Hutton & Company: "If Vice President Nixon should be compelled to take over the reins of government, business will be optimistic about the re-election of a Republican administration in 1960."

Business Briefs...

NEW YORK—(INS)—Sales of Diamond Gardner Corp., formerly the Diamond Match Co., for the first nine months of 1957 amounted to \$130,042,000, a gain of more than \$2,000,000 over the same period of 1956. Net income of \$6,536,000, or \$1.74 per common share, however, was below the net of \$7,775,000, or \$2.09 a share a year ago.

NEW YORK—(INS)—The Institute of Life Insurance reported today that total assets of the nation's life insurance firms increased \$3,968,000,000 in the first three quarters of this year.

Probe Of Man Nears Climax

WASHINGTON — The Senate Civil Service Committee expects to complete by next week an investigation of the activities of Ray Smith of Frederick, Md. who resigned Nov. 19 as farmers home administrator for Maryland and Delaware.

H. W. Brawley, chief counsel for the committee, said the investigation is checking whether Smith engaged in unethical practices while in office. The checkup was initiated at the request of Sen. Frear (D-Del.) and Williams (R-Del), Brawley said.

He said the investigation is a continuance of an over-all checkup of the Farmers Home Administration begun more than a year ago.

Judge Henderson Denies Man Writ Of Habeas Corpus

Chief Judge George Henderson of the Maryland House of Correction, today has denied a writ of habeas corpus to an inmate at the Maryland House of Correction for the second time in a little more than a month.

The inmate is identified as James McCoy alias Carl Brooks. Judge Henderson states that his original application was denied by a written opinion and order filed October 21 of this year.

This second or amended application is a further argument that the court's decision was wrong because petitioner was entitled, according to his theory, to be released as of November 3.

The petitioner admits that he was sentenced on November 9, 1954, as James McCoy, to serve three years in the House of Correction, that he escaped and fled the management of the House of Correction. On it is imposed the duty of administering under its own rules and regulations, the internal discipline of sentences would expire May 9, 1958.

McCoy or Brooks alleges that he is entitled to seven months of industrial good time by law. He further alleges that even if there he deducted from this credit the 66 days during which he was free after his escape and 10 days for violation of rules, he still should be credited at least six months and four days so that he should have been released November 3.

Judge Henderson explains that the Board of Correction is continued in 1942.

Wife-Slayer Held For Grand Jury

William Showalter, 40, of Clearville, Pa., has been ordered held without bond on a murder charge by Justice of the Peace H. Cyril Bingham in Bedford.

Showalter was charged with the slaying of his wife, Mrs. Hil-da Showalter, 35 who was stabbed to death at the couple's home on November 14.

Pennsylvania State Police said Mrs. Showalter died after being stabbed in the heart. Her husband then stabbed himself with a knife, they said.

Following the stabbings, the man burned down the house.

Woman Gets Bonus At Rummage Sale

PEORIA, Ill. — Mrs. Clyde Bocock got an extra dividend when she purchased a suit at a rummage sale.

A hand grenade was found in a pocket. It was turned over to police.

Officials Will Take Oath Office

Two area men will be sworn into new positions on Monday by Joseph E. Boden, clerk of Allegany County Circuit Court.

They are William H. Lemmert, president of the Allegany County Board of Commissioners, who will move into the new position as deputy supervisor of assessments, and William A. Wilson, who will succeed Mr. Lemmert as a county commissioner. Mr. Wilson formerly served six years as president of the Allegany County Board of Election Supervisors.

County Commissioner James Orr said that the three commissioners, including C. N. Wilkinson, will meet in executive session at 10 a. m. Tuesday to name a successor to Lemmert as president.

Railroad Officials Startled By Report

COLUMBUS, Neb. — When operating manager Howard Erickson of the Nebraska Public Power System learned that a piece of electric transmission line was lying across a railroad track he promptly reported to the railroad in correct power terminology: "There's a conductor lying across your tracks."

The railroad people, who have a different meaning for the term conductor were considerably more concerned about the report.

Infant, Man Die In Crash Of Two Cars

WALDORF, Md. — A three-month-old baby boy and a Washington man were killed near here late last night in the head-on collision of two automobiles.

The victims were identified by State Police as James T. Jordon, 1369 Terry Pl., N. W., Washington, and John David Hodges Jr., infant son of A. C. John David Hodges of the Patuxent Naval Air station.

Hodges and his wife Ella were injured and were taken to the Naval Hospital at Bethesda in serious condition.

The Hodges were southbound on Maryland 225 near Hughesville when the collision occurred, police said. Jordon, en route north, was traveling alone.

Student Prospect Rally In Earnest

MADISON, Wis. — A radio-telephone hookup has enabled a Norwegian working in the Antarctic to apply for admission to the University of Wisconsin Graduate School.

Because the next mail doesn't leave his outpost until next February, Olav Loken, about 26, decided to call Prof. Kirk Stone of the Wisconsin geography department.

Loken got in touch with a ham radio operator in Wayzata, Wis. The Minnesota man put Prof. Stone on the line and Loken made oral application for admission to the school.

Woman's Changes Mind About Hobby

CINCINNATI — It's a woman's privilege to change her mind, and a suburban Clifton woman has apparently decided to take full advantage of it.

Mrs. Marion Blankemeyer, 31, has applied for a license to re-marry her first husband after being twice divorced from her first mate. She first married that

Atmosphere Density Idea Revised

CAMBRIDGE, Mass. — A study of the behavior of the Soviet satellites has led scientists to revise their ideas of the density of the upper atmosphere.

Data yielded by U.S. rocket shoots indicated the density of the atmosphere at 140 miles altitude was roughly one ten-billionth of that at sea level.

But new calculations, based primarily on Sputnik I, launched by the Soviets Oct. 4, indicate the atmosphere at this altitude is five times denser—or about one two-billionth that at sea level.

The density is important because it is a measure of the air of a satellite. Drag—even-and the Naval Research Laboratory at Washington.

One result of the joint study, the Smithsonian said, is that the U.S. satellite may have to be launched higher than originally planned.

Brazen Refund Try Made By Shoplifters

TULSA, Okla. — Officials of a Tulsa department store have seen a lot of audacious shoplifters—but nothing like two young women recently arrested.

They took a briefcase from the one floor and tried to get a \$14 refund on it from a clerk on another floor. They were charged with deceit.

Moss Verdict Set Saturday

Associate Judge Morgan C. Harris is scheduled to pass sentence Saturday on Robert J. Moss, 70-year-old-North Centre-Street man who was found guilty of contributing to the delinquency of minors.

Moss originally was convicted on the charge in Juvenile Court on June 25 by Magistrate Fred H. Anderson. He appealed an 18-month sentence to the Maryland House of Correction and the conviction was upheld in the higher court by Judge Harris on October 28.

Judge Harris said yesterday that he had deferred sentence until he received reports of the parole commissioner and a local psychiatrist's examination of Mr. Moss. These reports have been received, the judge said, and the court will pass sentence on Saturday.

The former detective agency tea. The watchman was charged with harboring young girls between the ages of 11 and 18 overnight at his home, Judge Harris said.

Fire Danger On Increase In Woodlands

The danger of forest fires is on the increase, according to William H. Johnson, district forester. The forester warns hunters that dry weather and increasing winds have caused the fire danger in the state's woodlands to increase rapidly in the past few weeks. He said the forestry department is hoping for rain or snow to ease the tension before the deer season begins in Allegany County on December 2.

Mayor Finds Family Numbers Over 200

LUTON, England (CP)—The mayor of Bedfordshire town in-107-year-old Mrs. Hannah Taylor and "all her family" to Then discovered the potential guests numbered 200. The invitation was cut down to Mrs. Taylor, her children and grandchildren—a mere 23.

Annual Muscular Dystrophy Association Drive Gets Underway In Cumberland

The Allegany-Garrett Chapter of the Muscular Dystrophy Association has opened its annual canister drive in Cumberland. A total of 8,000 canisters have been distributed. No cure for muscular dystrophy has been found and, unlike polio, it is always fatal, Mr. Doub said. It is the hope of the Muscular Dystrophy Associations of America, he said, that with the aid of contributions to the canister drive, the cause and cure of the disease may soon be found. Mr. Doub further pointed out that the March of Dimes brought the Salk vaccine which is eliminating the scourge of polio and it has been the MDA's policy not to join in federated appeals and may soon be conquered in a similar manner. Because a substantial portion of the funds needed is used for medical research, Dr. Doub said, it has been the MDA's policy not to join in federated appeals and may soon be conquered in a similar manner.

Fire Chief Virgil A. Parker, who heads the canister drive with Commissioner William V. Kee-gan, said no definite goal has been set but that the chapter hopes to raise at least \$3,000 from canister collections in Cumberland.

The canisters are being delivered by fire fighters to business establishments in Allegany and Garrett counties.

Albert A. Doub, chapter president, said more than 200,000 children and adults in America are afflicted with the dread disease which results in the gradual wastage of the muscles of the body.

Liquor Case Bond Posted

Owners of the G&W Restaurant, at the G&W Restaurant Monday 43 North Liberty Street, have night. posted \$500 bond in Trial Magis-. The youths, who are listed as late Court to await action of the being between the ages of 19 and Circuit Court on a charge of sell- 24, are Donald Custer, Charles ing alcoholic beverages to a Cathell and Elwood Faulkner, all minor. of Cresaptown, and Eugene Hed- rick, Union Grove, Frostburg, City Police list Cathell's age as 19.

Imma Sittig and Howard Sittig, operators of the North Liberty establishment, were given a preliminary hearing before Magistrate Donald W. Mason and a jury trial was prayed by Assistant State's Attorney James S. Getty.

Warrants for the arrest of the proprietors were obtained Tuesday by Getty after four youths who were tried Tuesday for disturbing the peace admitted purchasing alcoholic beverages.

Truck Blaze Damages \$250 Worth Furniture

A fire, apparently started by a cigaret, caused \$270 worth of damage to furniture being hauled in a pickup truck on the Pennsylvania Turnpike near Allegheny Tunnel Wednesday.

Pennsylvania State Police said the driver, George E. Pratt, told them he was flagged down by a passing motorist who spotted smoke coming from the bed of the truck.

Benjamin Franklin started the first German-language newspaper in the United States in 1752.

Constellation Restoration Fund Sought

D'Alesandro Calls On City, Towns To Help Repair Frigate

BAITIMORE (P)—Mayor Thomas D'Alesandro has called on officials of every city and town in Maryland to seek contributions from their municipal funds for restoration of the frigate Constellation.

He noted in a letter to the officials that the 160-year-old frigate, oldest Navy warship afloat, "even in her present condition draws thousands of visitors from every section of the nation."

"These tourists, it is reasonable to assume, will in all likelihood want to visit other historic points in Maryland, thereby contributing substantially to the economy of this area," the mayor added. "To the driver, George E. Pratt, told them he was flagged down by a passing motorist who spotted smoke coming from the bed of the truck."

On National Scale Funds for the frigate's restoration and permanent berthing at Ft. Mchenry are to be sought soon on a national scale through school programs, patriotic and veterans organizations, as well as civic and service groups, the mayor explained in his letter.

"We feel very strongly that before we turn to other cities and states for support, we should demonstrate clearly that we want the Constellation restored, and that we want her to be here in her home State—in Baltimore, her home port. We would like very much to show our fellow citizens from coast to coast how proud we are of the great heritage inherent in the history of the Constellation," the mayor said.

Schools Give Collections in Maryland public schools have continued through October and November in many instances. One county recently forwarded a contribution of more than \$1,000 from its schools.

Robert E. Michel, campaign chairman, says an accounting of school contributions will be announced shortly.

The ultimate goal of the campaign is 3 million dollars. 2 million to be raised in Maryland and the third million from the remainder of the nation.

Used Cat Sale SAN DIEGO, Calif.—A sign outside a corner grocery read: "Clearance sale—1957 kittens—1 cent each—must make room for 1958 models, coming soon."

Theatre Provides Homes With Speakers

CINCINNATI (AP)—How about a home with a drive-in motion picture theatre thrown in?

Home owners in one block of the Oakley section of Cincinnati have one just off their back yards.

They complained when the drive-in theatre opened just behind them. Their complaints turned to joy, however, when the theatre operators provided each home with a sound box so they could hear the show as well as see it from back porch or yard.

TB Seal Sales Reach \$7,944

An initial report for the annual sale of Christmas Seals by the Allegheny-Garrett County Tuberculosis Association discloses \$7,944.45 has been reached.

This represents a decrease over sale of seals for the same period last year, according to Miss Jean Reinhard, executive secretary. Allegheny County residents have contributed \$6,369.39 of the amount so far and \$1,020.07 has been received from Garrett County. Garrett's figure represents an increase over last year.

Of 27,272 letters mailed November 7, there have been 5,015 replies, she added.

Alcoholics Need Late Sunday Help

LONDON, Ont. (AP)—R. A. Reinhardt, manager of television station CPPL-TV, told a listener who asked why a weekly anti-alcoholism program was scheduled for late Sunday night that that is the time when alcoholics need help the most.

THE BREAD THAT'S ENERGY PACKED

OPTIMISTIC — Rear Adm. William F. Raborn, director of the Polaris Project, the Navy's 1,500-mile, ship-based ballistic missile, told newsmen in Washington that the project is ahead of schedule. The original operations date for the missile was 1962, but now Navy officials believe they can beat this goal "appreciably." The Polaris will be for shipboard use only.

Your Horoscope

Look in the section in which your birthday comes, and find what your outlook is, according to the stars.

For Saturday, November 30, 1957 — MARCH 21 to APRIL 20 (Aries) — Super-sensitiveness and too much attachment to outmoded methods are the tendencies to conquer now. Be as logical as you expect the other person to be. And keep smiling!

APRIL 21 to MAY 21 (Taurus) — It is easy to act without thinking some times, but there is no excuse for this procedure except when emergency demands. Curb tendencies to be over-anxious, overexuberant.

MAY 22 to JUNE 21 (Gemini) — Be careful in associations and decisions. Gather facts and opinions thoughtfully, and learn while you listen. You can reach high goals through your cleverness.

JUNE 22 to JULY 23 (Cancer) — Take a respite from duties and relax. You will have renewed vigor and clearer vision when you start work again. Read, brush up on a cultural pastime.

JULY 24 to AUGUST 23 (Leo) — Put emphasis on the right things—and do what you should at the proper time. With imagination, perception and dexterity, you can produce fine results now.

AUGUST 24 to SEPTEMBER 23 (Virgo) — Note the objections of others and ascertain why they may have them. THINK before acting. Give your family the benefit of a happier day by sharing your pleasures with them.

SEPTEMBER 24 to OCTOBER 23 (Libra) — Give as much of your time and energy as you can to your loved ones. Think twice before voicing opinions.

OCTOBER 24 to NOVEMBER 23 (Scorpio) — This day's Mars influence warns against carrying a "chip on your shoulder." Be calm, diplomatic and you can make fine gains.

NOVEMBER 24 to DECEMBER 23 (Sagittarius) — Concentration should be this day's byword. There is much to be gained through careful analysis and productive thinking. Be flexible in making plans.

DECEMBER 24 to JANUARY 23 (Capricorn) — Plan for the coming week. Perform duties with your usual dispatch and ability. Don't let talents become "rusty" for lack of use.

JANUARY 24 to FEBRUARY 23 (Aquarius) — This day calls for strength of purpose. Build security with devotion to worthwhile goals and you can face all obstacles with courage.

FEBRUARY 24 to MARCH 23 (Pisces) — Don't "hide" from anything that displeases you; either face it and alter it if you should, or treat it as one of life's challenges — to be met squarely and confidently.

YOU BORN TODAY are innately jovial, hopeful and charitable. You make excellent husbands and wives because of your ability to cope with routine and to forge ahead despite setbacks. You have little patience with vague ideas or indecision are fond of sports; travel. Fields where you can excel are: photography, staccato, brokerage, teaching. Foretell fatigue by having sufficient rest. Eat sensibly; don't indulge in heated discussions. Your outstanding asset is your ability to save time and words.

Birthday: Mark Twain (Samuel Clemens), author, wit. (King Features Syndicate, Inc.)

Beards Are Popular Among Alaska Judges

HONOLULU (AP)—One of Hawaii's federal judges spent a term on the Alaska bench, and returned with a full beard.

"Beards are very popular in Alaska," Judge J. Frank McLaughlin explained. "I was encouraged to grow one while I was there. Now I'm going to keep it because I hate to shave."

Rating Squeeze Catches Caulfield Show

By CHARLES MERCER
NEW YORK (AP)—Joan Caulfield, a beautiful, talented and usually fortunate young lady, has had a slight misfortune. Her weekly television program, Sally, is caught in a squeeze play between a gun-slinger and a comedian with unhappy results to her Trendex audience rating.

But—despite Bart Maverick firing from the hip to the right of her on ABC-TV and Jack Benny shouting to the left of her on CBS-TV—Sally is charging straight ahead on NBC-TV Sunday evenings.

Sally is going to change her way of living. Personally, I never did see anything wrong with her as she has been.

For several weeks the theme of Sally has involved Miss Caulfield as the fetching, fun-loving companion of a matron traveling in Europe. Personally, I was sufficiently entertained by this pleasant state of affairs. But, since Trendex has decided that more people are watching Maverick and Benny, Sally will get a new look.

"Now," said Miss Caulfield the other day, "we're broadening the comedy. Apparently we've been too gentle. We were in a sort of limbo without a home base with which viewers could identify themselves."

"Sally is coming home to America and I'm going to work in a department store. No more stunning gowns for me. I'll be wearing the same dress twice, like every working girl. And then, too, there will be a steady romantic interest. There's this young man working in the store who..."

(See what you've done, Maverick and Benny?)

CBS-TV launches an interesting new series Sunday afternoon with Conquest, an hour program devoted to noted scientists and their achievements. The first program will include discussions of the implications of Russia's earth satellites and a film report of Maj. David Simmons record-breaking 20-mile balloon ascent.

Florida was once a colony of Spain and Great Britain. It was later ceded to the United States.

Delegate Will Try For Senate

DENTON, Md. (AP)—Del. Harry R. Hughes, Denton attorney, who has represented Caroline County in the House of Delegates since 1934, announced today he will run for Democratic nomination to the State Senate next year.

The seat is now held by Sen. J. Layman Redden, also a Democrat, who is expected to seek re-nomination.

Hughes, a member of the Legislative Council, has served on the House Judiciary, Education and Banking, Insurance and Social Security committees. He also was a member of subcommittees which drafted home rule legislation and the revision of Maryland's election laws.

British Accept U. S. TV Western Shows

By CHARLES MERCER
NEW YORK (AP)—Can you think of a more typically American entertainment product than the Western? Well—

"The Western is accepted in Britain as a proprietary item as hit in Britain. So, too, is Gun-smoke, seen on CBS-TV here. He thinks it more likely, however, that British companies producer of the Granada-TV net, called Gunlaw in England.

"This may be appropriation of other people's goods, of course, but we feel that the Western has a natural, important place in our entertainment lives. This has been going on for years in Britain.

"Why, until 'Robin Hood' came on television in Britain most children were more familiar with Dodge City than Sherwood Forest."

Foreman is in this country looking for Western TV shows. Wyatt Earp, seen on ABC-TV in this country, was filmed in England and France after World War I. They were pretty bad, Foreman said.

Foreman doesn't understand it's might film some TV Westerns in Canada—where there are wide open plains and plenty of cowboys.

The nation's tallest furnace, higher than a 10-story building, at Torrance, Calif. It toughens giant aluminum alloy shapes under temperatures as high as 1,800 degrees Fahrenheit.

NEW PRODUCT ENDS FLOOR WAXING

Old Dobbin has gone, along with street cars, gaslights and many things of the old days.

Now science puts an end to weekly floor waxing with a new, wasteless, slip retardant product known as Modern No Wax. Applied to linoleum, vinyl, asphalt or rubber tile, it lasts for months. Modern No Wax seals out dirt and doesn't water spot.

This new type floor care has been tried and accepted by large industrial users during the past year. Modern No Wax is available at

Two Persons Killed; Five Are Injured

Springfield Man Suffers Heart Attack; Cars Crash On Rt. 40

Two persons were killed and five hospitalized in three separate highway accidents over the Thanksgiving Day holiday.

Killed were Hugh William Allender, 66, of near Springfield, W. Va., and Orville E. Sellers, 48, of Bedford.

Admitted to Sacred Heart Hospital were Mrs. Emma McCoy, 53, of 4605 Main Avenue, Baltimore; Miss Viola McCoy, 40, same address; Mrs. Mary Metz, 64, of 464 Columbia Street, this city; Mrs. Annie Mason, 39, Wilmington, Del., and her eight-year-old son, Vaughn Mason.

Five In Hospital

The five persons admitted last night to Sacred Heart Hospital were injured in a three-vehicle crash on U. S. Route 40, this side of Shiding Mountain.

Allender was believed to have died from a heart attack while traveling alone on the Green Spring Road near Springfield. The accident was reported last night.

Sellers, a Bedford businessman, was killed instantly Wednesday night when his automobile crashed into a pole along Pennsylvania Route 56 near Johnstown.

Trooper Willis Foreman of the Maryland State Police said the three-vehicle mishap on U. S. Route 40 occurred at 6:30 p. m. yesterday and involved two passenger cars and a tractor-trailer.

Attaches at Sacred Heart Hospital said Mrs. Emma McCoy is in "critical" condition with head and back injuries. Mrs. Metz sustained a fractured left leg and is in "fair" condition, while Miss McCoy suffered a possible fractured nose, an injury to her right wrist and abrasions of both knees and is reported "good."

Boy's Skull Fractured

The eight-year-old Mason boy is reported "serious" with a fractured skull. He is in a semi-conscious condition.

His mother, Mrs. Mason, is reported "fair," suffering from a fractured left leg.

Police said the accident occurred when the car driven by Mrs. Mason, traveling west on the highway, skidded across the center line and rammed into the tractor-trailer driven by Franklin E. Westball, of 201 Mary Street, Cumberland.

Mrs. Mason's car was thrown into the path of the third vehicle driven by Miss McCoy traveling east on the highway.

Police said the cause of the accident was a wet highway.

West Virginia State Police at Romney said Allender was traveling to his home when he overturned his automobile one mile north of Springfield. It is believed he sustained a heart attack.

Retired Rail Worker

He was a retired employee of the Baltimore and Ohio Railroad with 30 years of service. He was a member of the Romney American Legion, Brotherhood of Railway Maintenance, a Marine veteran of World War I and a member of Springfield Presbyterian Church.

He was a son of the late John L. and Margaret (Simpson) Allender.

Survivors include his widow, Mrs. Lila Allender; two sons, David Allender, Springfield, and John Allender, Camden, N. J.; and three sisters, Mrs. Lila Bohrer, Riverdale, Md.; Mrs. Inez Taylor, Springfield and Mrs. Eva Long, Romney.

Services will be conducted Sunday at 2:30 p. m. at the Springfield Presbyterian Church by Rev. Robert Goshorn of Berryville, Va. Interment will be in the Springfield Cemetery.

The body is at the Combs Funeral Home in Romney.

Mrs. Sellers was pronounced dead on arrival at Windber Hospital.

Sellers was president and a partner of the Super Motors Company of Bedford. He was en route to Bedford from Johnstown when the accident occurred.

Junior College Report Accepted

BALTIMORE—A-B—The State Board of Education has accepted a report recommending establishment of a community junior college in Cumberland.

The junior college would meet the needs of about 500 students and would be under the control of the Allegany County Board of Education.

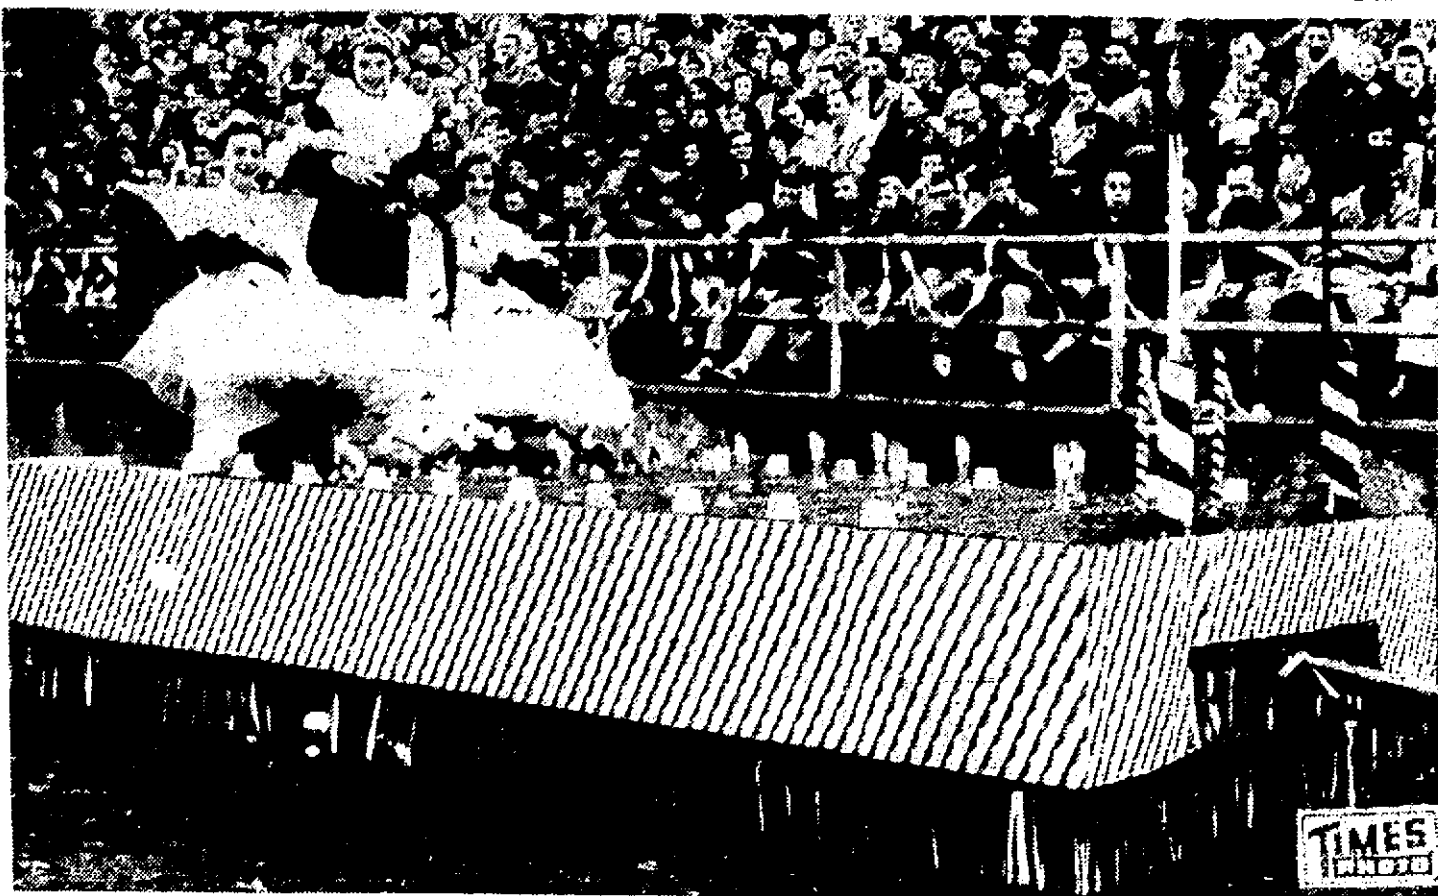

The report traced the increasing role of the community junior college throughout the nation and said it should provide a terminal program as well as one designed to equip students to continue at the full college level.

The study was made at the direction of the Maryland General Assembly.

Elk Garden Boy Hurt

A 17-year-old Elk Garden youth was admitted yesterday to Garrett County Memorial Hospital after being wounded in a hunting accident.

Attaches identified the youth as Charles Leroy Brown, son of Gilbert Brown, Elk Garden, and said he suffered the loss of a large toe and part of the third toe from a foot.

FORT HILL FOOTBALL QUEEN—Sandra George, the Fort Hill High School football queen is pictured above on the gaily decorated float which she rode in yesterday's program at the annual Turkey Day game with Allegany High School at the stadium.

Her attendants are Wilma Phillips and Marcella Adams. The crowd in the stands is part of the Fort Hill roofing section. The float depicts a miniature football field with goal posts, players and sideline yard markers.

Beall Queen Crowned At Game Event

The coronation of Peggy O'Neal as "Queen Football VIII" highlighted the ceremonies prior to the Beall-LaSalle football game yesterday at the Beall High field, Frostburg.

Dr. Wayne W. Hill, Beall High School principal, presided at the coronation. Her attendants were Barbara Brown and Charlotte Jenkins. The Beall junior and senior bands participated in the ceremony, with the latter unit playing a salute to the school's traditional Thanksgiving Day rival.

At halftime, the junior band presented a selection and square dance, while the senior unit marched through a precision number, followed by a novelty tune, "Junior Joins the Band."

The goal posts and part of the grandstand were decorated by the Beall High cheerleaders, under the direction of Frank Munson.

The Beall High Alumni Association held a dance last night at the Clary Club, with guests including the football team, cheerleaders, Dr. Hill, Munson and the football coaches, Gerard Calhoun and Edward Finzel.

A dance was also held at Frostburg's Teen Town last night.

Union Service Set Sunday

A union Thanksgiving service will be held at 11 a. m. Sunday in the auditorium of Flintstone School.

Rev. J. B. Buffenmyer, pastor of Glendale Church of the Brethren, will be moderator, and the sermon will be presented by Rev. Edward Bloins.

Rev. David Dolly will offer the invocation, and Scripture reading and prayer will be by Rev. Wendel Cover, of Flintstone Assembly of God Church.

The Flintstone School Chorus will sing "Thanksgiving Prayer," and the Young Peoples Choir of Glendale Church will sing "God of the Earth, the Sky and the Sea."

Rev. Mr. Buffenmyer will give the benediction.

Judge Harris Rejects Motion For New Trial

Associate Judge Morgan C. Harris today overruled a motion for a new trial in a land condemnation case involving property along U.S. Route 220 near Rawlings.

A jury in Circuit Court awarded \$6,950 to William F. Fitzpatrick and Lelia B. Fitzpatrick, his wife, after a hearing November 8. The State Roads Commission had offered \$2,250 for the property, which was used in connection with improvements to the highway.

The SRC made a motion for the new trial through Joseph D. Buscher, special assistant attorney general for Maryland, and William C. Walsh and Robert Rothenhoefer, attorneys. The Fitzpatricks were represented by W. Earle Coby and William R. Carskaden.

Murder Story To Be Checked

An investigator from Massachusetts is scheduled to arrive here today to check the story of Elmer Bisbing, 28, this city, who has confessed to the murder of a Cambridge girl in 1946.

The local welder is being held in Allegany County Jail. He told authorities Tuesday he had participated in the murder of Miss Ruth Ann McGuirk, 25, along a lonely road near Amesbury, Mass.

Football Contest Proves Colorful For 6,000 Fans

About 6,000 football fans trekked to Fort Hill Stadium yesterday to witness the traditional Turkey Day game—and just as "traditionally" they wended their way home after watching the Sentinels whip Allegany High School by a 28 to 6 score.

An overcast sky and a light drizzle just before the game did not curtail the crowd to any great extent.

Many cars were decorated with the colors of the school for which the owners were rooting. One car had a sign on top denoting that the couple inside were rooting for opposite teams. Half of the car was decorated with blue for Allegany and the other half with red for Fort Hill. The sign carried the lettering HIER and HIM showing that the man was a Fort Hill rooter and the woman was backing Allegany.

Queens Arrive In Style

The football queens for each school arrived at the stadium on beautifully decorated floats. The Beall-LaSalle football game yesterday at the Beall High field, Frostburg.

Miss Sandra George was the football queen and her attendants were Wilma Phillips and Marcella Adams, both seniors. The junior high school cheerleaders, was formed and the band acted as an honor guard for the float.

The queen was crowned in a red velvet dress and coat, topped with a white fox fur and a crown of jewels. The attendants wore white evening gowns and pulled by reindeer represented white satin capes. They also carried bouquets of flowers.

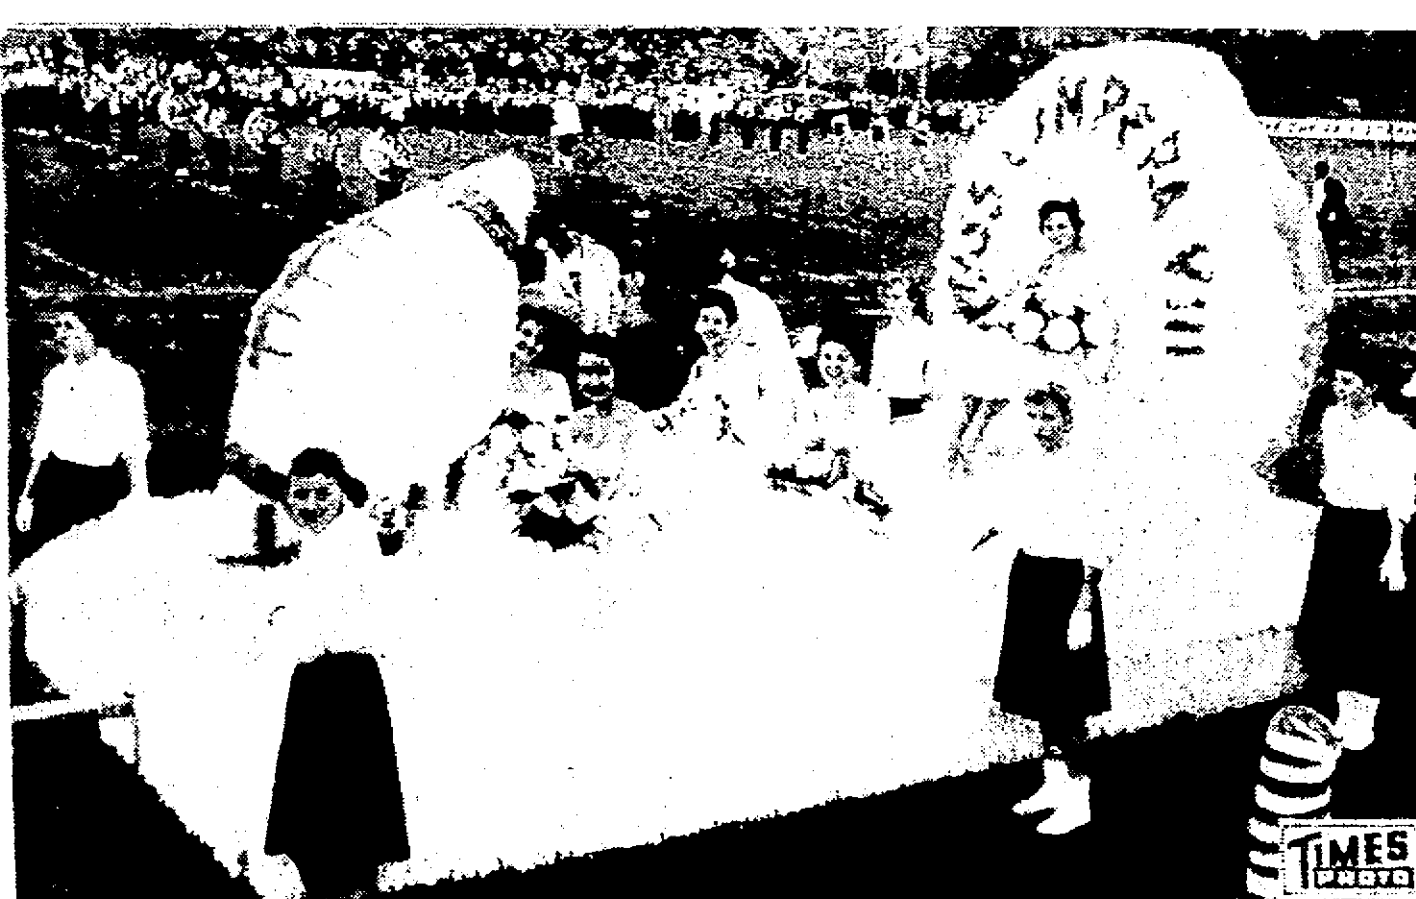

The Allegany High float was decorated in blue and white and a large white football with blue stripes and lacing made up the front end. At the rear of the float, the queen's throne was in the form of a mum with the inscription "Miss Camper VII" and blue net streamers.

Stadium Decorated

The queen, Patricia Niner, was attended by Kitty Sindy, Rebecca Haines, Barbara Miller and Kitty Koegel. They wore white gowns and silver stoles. The junior varsity cheerleaders acted as an escort. The float was drawn by a blue convertible car.

The stadium was also decorated by the two schools. The Allegany sections of stands were decorated with blue and white trim and an all white tepee was located at the south end of the field. Signs reading "Fight, Score, Win" and "This Will Be Our Day" were strung along the stands.

Fort Hill's section of the stadium was similarly decorated in the school colors. A good luck charm was located at the bottom of the steps leading from the school to the gym and the team passed

ALLEGANY HIGH QUEEN—One of the features of the Allegany High School program at the annual Thanksgiving Day football game at the stadium yesterday afternoon was the blue and white float on which rode the Camper queen, Patricia Niner, and her attendants, Kitty Sindy, Rebecca Haines, Barbara Miller and Kitty Koegel. The queen and attendants wore white gowns and silver stoles. The members of the junior varsity cheerleaders unit are pictured as they escorted the float.

County Board Meets Tonight As Health Unit

New Member To Assume His Duties Officially Tuesday

The Allegany County Board of Commissioners will meet tonight as a board of health with Dr. Ton van Strien, county health officer. Dr. Strien is expected to report on the results of a meeting earlier this week in Baltimore with officials of the State Department of Health at which time the Case Commission system was discussed.

William A. Wilson, who will assume his duties as a member of the county board of commissioners next Tuesday, will attend tonight's meeting. Wilson will replace William H. Lemmert, who has been named assistant supervisor of assessment for the county, effective Monday.

Gorman E. Getty, attorney for the board, reported he has made arrangements for specifications and plans for acoustic tile and new lighting system in the reading room of the Cumberland Free Public Library.

The county will act on the program as soon as the plans are drawn up and bids asked. The building is owned and maintained by the county.

A request that the work be done was made a few months ago by Miss Mary G. Walsh, librarian. She said the acoustic tile would provide a much quieter place in which people may read or do reference work at the library.

A letter was received from Lois Green Clark, junior architect at the State Hall of Records in Annapolis, asking that she be notified as soon as the county commissioners chose a new president of the board. She said if the information is received in the near future it might be possible to have it included in the new Maryland Manual which is being prepared. The board will select a new president next Tuesday and the information sent at that time to the Hall of Records.

The two men, Melvin Boden, 36, husband of the victim, Mrs. Mary (Growth) Boden, and Harry C. Boden, 48, his brother, are being held in Somerset County jail on charges of murder and arson in the death of Mrs. Boden November 17.

At a court hearing Tuesday on a habeas corpus petition by the defense, Judge Thomas F. Lansberry withheld an immediate ruling to free the brothers.

During the hearing, a key Commonwealth witness, Sgt. Arthur Wood of Greensburg, declared an "accelerant" was used to start the fire which claimed the life of Mrs. Boden. Wood is assistant fire marshal for the Pennsylvania State police covering a four-county area including Somerset.

He declined to name the "accelerant" but explained a laboratory analysis is being made to determine what it was. He contended he could smell the substance in the bedroom of the Boden home where the woman's body was found.

The fire marshal declared he found evidence that the blaze was of incendiary origin. He said his conclusion was reached on the intensity of the fire and the manner in which it burned.

Attorneys Frederick F. Coffroth and Robert M. Keim, counsel for the Boden brothers, attempted to force details from Sgt. Wood in his reference to the "accelerant." The police officer declined to further state that 29 filter centers would be closed.

The filter's center at Pittsburgh has also been on a ready reserve basis, it was pointed out. Allegany County's GOC has made an enviable record during the skywatch. It is considered as Maryland's best and on several occasions has received national recognition.

More than 1,000 civilians have received training under the program in this country.

The U. S. Air Force announced the conversion of the GOC to ready reserve status last December 15 in the Pittsburgh Air Defense Filter Center area.

The need for volunteer observers in this area is still of paramount importance to the nation's defense in event of attack and for passing information on aircraft in distress or severe weather warnings. The Air Force will continue to recruit and train volunteers in conjunction with Civil Defense officials.

McComas Appointed To Welfare Board

Henry McComas, superintendent of Garrett County Memorial Hospital, Oakland, has been appointed a member of the Garrett County Welfare Board.

He succeeds Rev. John Atwell, former rector of Oakland Episcopal Church, who has moved from Oakland. The McComas appointment will expire May 31, 1960.

NEW FREIGHT AGENT—Max Humbert, 28, is shown at the B&O freight station on George Street where he assumed his duties this week as the new freight agent. Humbert began his B&O career 12 years ago as a telegrapher at Akron. A year later he became freight agent at Mineral City, Ohio, and then he was freight agent at Uhrichsville, Ohio, for three years. For several years he was supervisor of station services on the system and two years ago was named freight agent at Dover, Ohio. He came here from Dover. Humbert is married and has two children. Humbert succeeds Walter J. T. Yordy, who has been sent to St. Louis in a similar capacity.

Suit for damages was filed in Circuit Court by Ray Junior Whorton, Flintstone, for his own use and the use of the Selected Risks Indemnity Company against the St. George Motor Company in connection with a truck the plaintiff purchased from the local motor car company.

Docketed by W. Earle Coby, attorney for Whorton, the declaration states that on June 7, 1956 a truck was purchased from the company by Whorton and that 10 days later the brakes became deficient. The truck was taken to the garage for repairs and on four other occasions had to be garaged for brake trouble, according to the declaration.

Whorton said that on July 27 or 28 he was told by agents of the company that the truck could be used pending the arrival of brake drums for placement on the vehicle.

On August 6, Whorton claims, he was driving the truck on a county road in the Orleans section in the eastern part of Allegany County when the brakes failed on the steep roadway. Whorton said he injured his back when forced to leap from the vehicle.

The truck plunged over a steep embankment and landed on the Western Maryland Railway tracks below. Whorton said that soon after he was inducted into the Army and then later on given a medical discharge due to his back injuries.

He states the insurance firm paid him \$3,664.60 for the damage to the truck. For his injuries, which he claims are cumulative, Whorton is asking damages of \$10,000.

Police Probe Breaking Cases

City Police today were investigating two reported breaking and enterings.

Vincent King informed authorities last night that his Gun Shop, 243 Virginia Avenue, had been entered sometime Wednesday night.

Police said the intruder gained entrance by cutting a hole in the window along the side of the building. A 300 Savage Rifle was reported missing, valued at \$14.

Police noted that money in the cash register and other valuable items were not touched.

Meanwhile local authorities were informed that the Pepsi-Cola Bottling Company was entered on Chase Street.

Police said only \$1.12 in cash was stolen. The intruder entered by knocking out a window on the Paca Street side of the building.

Two Wills Filed For Probate Here

Two wills were admitted to probate today in Orphans Court.

The will of Rev. Patrick Bradley, pastor of St. Michael's Catholic Church in Frostburg, who died October 18 while on a visit to his native Ireland, named Rev. Francis Montgomery, also of St. Michael's Church, as executor.

Mrs. Margaret Walsh, Madison, N. J., a sister, is named as one of the beneficiaries. Personal effects and cash are left to various church groups, both at St. Michael's and elsewhere.

The will of Mrs. Nellie M. Carter, Eckhart, who died November 16 named her daughter, Esther M. Carter, also of Eckhart, as executor. The children of the deceased are the beneficiaries.

Hymn Sing Planned

A hymn sing will be held at Calvary EUB Church Sunday at 8:30 p. m., according to Rev. Raymond Campbell, pastor.

County Road Plans Topic Of State Meet

Various Groups To Meet With SRC In Baltimore Dec. 18

A meeting will be held December 18 at 10 a. m. at the State Roads Commission office in Baltimore at which members of the Allegany County Board of Commissioners, State Senator Charles M. See and members of the county delegation to the General Assembly will discuss the 12-year road program in this county.

Norman Pritchett, chief engineer of the SRC, called William H. Lemmert, president of the county board, that the session will be a day-long one as there are many matters pertaining to the 12-year road program which will be discussed.

Besides the officials mentioned, the meeting will be attended by Gorman E. Getty, attorney to the county board and J. Walker Chapman, roads supervisor.

The session is important because the various county officials are expected to make known at that time some of the road work which they prefer to have done and for which legislative action may be needed.

Commissioner James Orr said that he intends to bring up the matter of the SRC taking over the Pinto Road and bridge across the Potomac River. The county has maintained the bridge for many years along with the State of West Virginia. The county commissioners felt that the SRC should assume the county's responsibility as the structure is an interstate one and does not come within the usual scope of county responsibility.

Stores Open Here Tonight

Member stores of the Retail Merchants Association will be open until 9 p. m. today and the Baltimore Street Christmas decorations will be lighted for the first time.

Stores will observe the 9 p. m. hours on Friday, in addition to the 9 p. m. Monday hours, as a preliminary to the start of the regular late hours for Christmas shoppers.

From December 16 to 20, stores will remain open to 9 p. m. daily. Saturday, December 21, they will close at 6 p. m.

Monday, December 23, the 9 p. m. closing hour will be observed but on Tuesday, December 24, Christmas Eve, the closing hour will be 5 p. m.

Obituary

ARONHAULT — Mrs. G. A., 69, Davis.

COOPER — Andrew, 81, Keyser.

Valley Pupils Offer Prayer For President

LONACONING — A prayer for President Dwight D. Eisenhower was given in the morning devotion at Valley High School on Wednesday morning.

Miss Janice Green, Junior Tri-Hi-Y club member, gave the prayer for the President, read the Scripture and led the student body and faculty in recitation of "The Lord's Prayer."

School was dismissed at 1 p.m. for the Thanksgiving holiday. School reopens Monday morning.

Commissioner Named By Frostburg Council

FROSTBURG — William Preston has been appointed City Commissioner by the Mayor and Council.

Preston was a candidate for commissioner in the last election. He served in the paratroopers for three years with the 82nd Airborne Division. He also served in Korea with the 712th Railroad Operation Battalion. He is employed by the Green Chevrolet Company.

Preston has been active in veteran's organizations, having served three terms as commander of John R. Fairgrieve Post 2462, VFW and district commander of the VFW. He is a member of Farrady Post 24, American Legion, having served as vice commander and is presently chairman of the child welfare committee. He served on the board of

WILLIAM PRESTON

directors of the Allegany County Rheumatic Fever and Heart Association for three years and was the chairman of the Frostburg Heart Fund drive for several years.

Preston was responsible in securing a group of interested citizens to solicit pledges for the undergarment company and bringing it to Frostburg after the project had been declared "a dead duck."

He is the son of Mrs. Anna Ethel Preston and the late William Preston. A lifelong resident of Frostburg, he resides with his wife, the former Betty James, and daughter, Miss Gail Preston, at 20 Howard Street.

Merchants Plan Street Project Today

FROSTBURG — Stanley Jacobson, secretary of the Frostburg Business Association, has announced that a change has been made in plans for the business promotion this evening.

"Due to circumstances beyond our control," he said, "the free merchandise slips which were to be in the candy that will be distributed by Santa Claus, have had to be withdrawn."

Other plans for the evening will be as previously announced.

Mayor Joseph James will give the signal at 7 p.m. in front of the First English Baptist Church at the corner of Bowers and Main Streets. The Beall High School Band will be on hand to play several selections and Santa Claus will distribute bags of candy to the small children. Following the ceremony at Bowers, the group will move to the yard of St. Michael's School where the band will again play and Santa will greet the children. The last stop will be made in front of the Gunter Hotel.

All stores will be open until 9 p.m. The entire membership of the Frostburg Business Association is sponsoring the project.

Stores will remain open each Monday and Saturday from now until Christmas until 9 p.m. From December 16 to 21 they will remain open each day until 9 p.m. All stores will close at 6 p.m. December 24 to give employees time to get ready for Christmas.

Obituary

(Continued from Page 17)

of this city: Mrs. Marlene Morris, Cresapdown, and Miss Donna Jean Dicken, at home; a sister, Mrs. Zella Lease, Allegany, 21 grandchildren and five great grandchildren.

The body is at the Stein Funeral Home where services will be conducted tomorrow at 2 p.m. by Rev. Everett Culp, pastor of the First Methodist Church. Interment will be in Sunset Memorial Park.

The family will receive friends from 2 until 4 p.m. and 7 until 9 p.m.

Orr Services

LOXACONING — Services for William H. Orr, 72, of here, who died Wednesday in a Baltimore hospital, will be conducted tomorrow at 2 p.m. at First Presbyterian Church.

Rev. C. H. Goshorn, pastor, will officiate and interment will be in the Oak Hill Cemetery.

Members of the Masonic Lodge will conduct graveside services.

The body is at the residence on Jackson Street.

—ADVERTISEMENT— OFFERS FAMILIES \$50 TO \$1500

(Loans Over \$300 made under Md. Industrial Finance Act)

Herbert P. Rotruck

KEYSER—Herbert Paul Rotruck, 39-year-old former resident, died Tuesday at his home in Washington.

Born at Martin, a son of Mr. and Mrs. Fred Rotruck, Antioch, he had resided in the Washington area 14 years and been employed by the City of Arlington, Va. He held membership in the First Methodist Church of the Brethren.

Surviving, besides his parents, are his widow, Mrs. Ethel (Foran) Rotruck; a daughter, Karen; a son, Carl Rotruck, Martin.

The body will be at the Rogers Funeral Home here after 10 a.m. tomorrow and will be taken to the Knobley Church at 1 p.m. Sunday for services at 2 p.m. Rev. Owen G. Stultz, pastor, will officiate and interment will be in Knobley Cemetery.

George Harvey

MOOREFIELD — George Harvey, 79, died Wednesday at his home here.

Surviving are his widow, Mrs. Estelle (Redman) Harvey; four sons, Samuel, John, Charles E. and George Harvey Jr., all of Moorefield; four daughters, Miss Vernie Harvey, Baltimore; Miss Louise Harvey and Mrs. William Harris, both of Cumberland, and Miss Ethel Harvey, Moorefield.

He was a brother of Harry Harvey, Moorefield, and two sisters, Mrs. Lee Sharp, Columbus, Ohio, and Mrs. Joan Curtis, Johnstown, Pa.

The body is at the Thrush Funeral Home where services will be conducted tomorrow at 2 p.m. Rev. Earl Brooks and Rev. W. T. Graham will officiate and interment will be in the family cemetery at Fisher.

Witford C. Somers

BERKELEY SPRINGS — Witford Clyde Somers, 50, of RD 2, Berkeley Springs, died yesterday morning in Morgan County War Memorial Hospital. He had been ill one week.

A native of Morgan County, he was born September 18, 1907, a son of the late Austin Flint and Catherine (Johnson) Somers.

He was employed as a painter for the Victor Products Company here.

Survivors include his widow, Mrs. Virginia (Cain) Somers; a daughter, Mrs. Phyllis Fox, Cherry Run, W. Va.; 10 sons, Morris, Joseph, Carroll, Gary, Louis, James, Dale, Dennis, Randy and David Somers, all at home; three sisters, Mrs. Ralph Kesacker, Cumberland, and Mrs. Elwood Householder, both of here; six brothers, Harold and Paul Somers, both of here; Bernard Somers, Cumberland; Lester Somers, Baltimore; Glendon Somers, Hagerstown, and Cletis Somers, stationed with the Armed Forces in Germany, and four grandchildren.

The body is at the Parks Funeral Home here.

Services will be conducted on Sunday at 2 p.m. at the Mt. Zion EUB Church by Rev. Wilbur Jay, pastor. Interment will be in the church cemetery.

J. Russell Gephart

BEDFORD — J. Russell Gephart, 83, health officer of Bedford, died Monday at his home here.

A former borough councilman and deputy sheriff of Bedford County, Mr. Gephart had served for several decades as borough health officer. Until 1936, he operated the Gephart Inn on East Pitt Street (now the Bedford Hotel). He opened it in 1931 after operating a stationery store and restaurant previously on South Juliana Street and, earlier, a photography studio on South Richard Street.

Mr. Gephart was active in the Trinity Lutheran Church here, and had been director of its choir for 30 years before retiring this year.

He and his wife, the former Nettie Haase, celebrated their 60th wedding anniversary here this summer. The couple was married June 10, 1897, in Bedford, and was believed to be the longest-married couple in the county.

Born in Bedford April 2, 1874, he was a son of Joseph A. and Mary V. (Smith) Gephart.

In addition to his widow, one son, Joseph C. Gephart, of Pelham, N. Y., and one grandson, Robert Tobin Gephart, also of Pelham, a number of cousins in Bedford as well as nieces and nephews survive.

Rites were conducted yesterday in Trinity Lutheran Church, of which he was a lifelong member. Rev. Richard L. Tome officiated and interment was in the Bedford Cemetery.

Mrs. Jacob M. Huffman

MOOREFIELD — Mrs. Violet Huffman, 61, wife of Jacob M. Huffman, died Wednesday at her home near Purgettsville.

She was a daughter of Rev. C. J. Racey and the late Cora (High) Racey.

Surviving, besides her husband and father, are a son, Major J. M. Huffman Jr., Canal Zone, and two sisters, Miss Mildred Racey, Moorefield, and Miss Ruth Racey, Thurmont, Md.

The body is at the Thrush Funeral Home where services will be conducted tomorrow at 11 a.m. by Rev. Charles Godwin. Interment will be in Olivet Cemetery.

Witford C. Somers
BERKELEY SPRINGS — Witford Clyde Somers, 50, of RD 2,

Tunnel Road Opened With Ceremony

BALTIMORE — A Baltimore new 130 million dollar highway tunnel under its bustling harbor was officially opened today with all the pomp and bluster the State can manage.

However, regular traffic won't be able to use it until one minute after midnight.

Ironically, the four-lane roadway was built for "the other fellow," Baltimoreans as a rule won't profit too much from it.

Those who will profit most are the through drivers, the ones who sweated and strained up to an hour while making it through the so-called "Baltimore bottleneck" while driving east and west and well as north and south.

Now they will be able to by-pass the crowded downtown section and slip by the city in as little as five minutes.

The project is more than a tunnel. It consists of a 17-mile expressway that starts at the south of the city and shoots straight toward the east, dipping down under the harbor at Fairfield, on the south side, and Canton, on the north.

Speed limits are 60 m.p.h. on the approaches, 50 m.p.h. in the urban areas just short of the entrances, and 35 m.p.h. in the tunnel itself.

Hahn Will Address Men's Club Tonight

Coach Bill Hahn of Fort Hill's undefeated football team, will address the Methodist Men's Club at Emmanuel Methodist Church this evening at 8 o'clock. Hahn will also narrate movies taken of the Fort Hill-Westminster game last month.

Mrs. G. A. Aronhalt

DAVIS — Mrs. Mary Elizabeth Aronhalt, 69, wife of G. A. Aronhalt, died Wednesday in Tucker County Hospital, Parsons.

Born in Somerset County, Pa., a daughter of the late David and Eliza M. (Young) Reed, she was the last surviving member of that family. Mrs. Aronhalt was a member of Davis Methodist Church.

The body is at the Spiggle Funeral Home where services will be conducted tomorrow at 2 p.m. by Rev. William J. Trowbridge, pastor of Davis Methodist Church. Interment will be in Davis Cemetery.

West Virginia Awards Contracts Football Contest

(Continued from Page 17)

band played "There's No Place Like Home."

The crowd was orderly with only one disturbance of any note. One man engaged in a push and pulling episode with a police officer and friends came to his aid, arresting him. The man was finally escorted from the stadium, being taken into custody.

Just before the game a boy climbed one of the light towers at the stadium to remove a dummy which had been hung there.

As usual, the ever present dog wandered across the field several times during the game. The canine was shoed away and the game proceeded.

Testimonial Planned For Mayor D'Alesandro

BALTIMORE — A testimonial dinner will be given Mayor Thomas D'Alesandro, a candidate for the Democratic nomination for governor, on Feb. 5 at a Baltimore hotel.

Herbert R. O'Connor Jr., son of the former governor and U. S. Senator, is chairman of a committee being formed to stage the affair.

Beall Bumps LaSalle Second Year In Row By 7-6 Score

Mike Fabbri Kicks Point That Spells Difference

By BILL FAIR
Times Sports Writer

A determined Beall High football team, refusing to yield yardage when its back was against the wall, defeated LaSalle High's Explorers for the second consecutive year in the annual Turkey Day classic, 7-6, and closed out the first winning football season in the school's history yesterday at Frostburg.

Approximately 1,800 spectators witnessed the thriller which saw both teams do all their scoring in the second quarter, with Mike

MIKE BREAKS LOOSE—Beall fullback Mike Fabbri breaks loose for a 19-yard pickup in the second quarter on the Mountaineer drive that led to their touchdown. Joe McGowan

leads interference for Fabbri, while coming up from behind in an unsuccessful attempt to make the stop is LaSalle's Mike Small. It was Beall's second straight win over LaSalle.

The Yardstick

LA SALLE	BEALL
First Downs Rushing	7
First Downs Passing	1
First Downs Penalties	0
First Downs Total	8
Ball Lost On Downs	1
Passes Tried	13
Passes Completed	3
Passes Intercepted By	2

Own Fumbles Recovered	4
Number Penalties	5
Yards Lost Penalties	20
Yards Gained Rushing	141
Yards Lost Rushing	14
Total Yards Gained	191
Net Yards Gained	184

Fabbri's toe proving the difference. Temperatures, which are usually freezing or below for the annual rivalry, were well up into the high 50's yesterday.

Win Two In Row

The Mountaineers' hard-fought victory marked the first time that Beall has ever beaten LaSalle two years in a row since the series began in the fall of 1946.

Beall won the toss of the coin for the opening kickoff and elected to receive and to defend north goal. Gene Zumpano took Kenny Harris' boot on his 20-yard line and raced it back to the 40.

After being held to three yards on the same number of plays, Zumpano punted to LaSalle's quarterback Van Parsons who moved the ball to the Explorer 41. The Green Wave picked up a quick first down but was held in check on the next series, being forced to kick on fourth down with 18 yards to go for the first.

Tom Hudson went back to punt but the snap from center sailed over his head and Beall end Wayne McKenzie pounced on the pigskin at the LSI 31-yard marker.

With the 15-yard run by Mountaineer quarterback George Allen highlighting the drive, the Frostburgers moved the ball for a first down on the LaSalle five. Fullback Mike Fabbri lost a yard on an end sweep and Bruce Smith picked up a yard through the middle of the line. Fabbri was then sent through center for four yards on third down. On the "do-or-die" fourth, Beall moved into a single wing and the direct snap from center went high. Fabbri reached for it and battled it forward when Explorer tackle Frank Carney alertly recovered on the LaSalle one.

Gathering several first downs, the charges of Norm Geatz moved the ball out to the 31 as the quarter ended.

Explorers Begin March

After an exchange of punts in the second period, the Explorers began their touchdown march on their own 27. In eight plays LaSalle drove to the Beall eight with the hard-running of Hudson and a 27-yard pass from Parsons to Don "Doc" Richard accounting for most of the yardage.

Parsons pitched out to halfback Jack Bahen on first down and goal to go. Allen threw Jack Bahen for a yard loss and Parsons decided to take to the air lanes. On the ensuing play, right end and co-captain "Chaz" Ines shot into the middle of the Beall secondary to take a quick jump pass from Parsons. Ines fell into the end zone as he caught the aerial and LSI led, 6-0.

Joe Footen attempted the all-important extra point try from placement, but the boot sailed wide to the left.

The Explorers threatened again minutes later when their "recovery boy" Rich Shaffer punted on a fumbled pitchout at the Beall 35. After moving to the 19, LaSalle met a stone wall in the Beall defense. The Mountain City boys took over on downs and began their own drive to pay dirt.

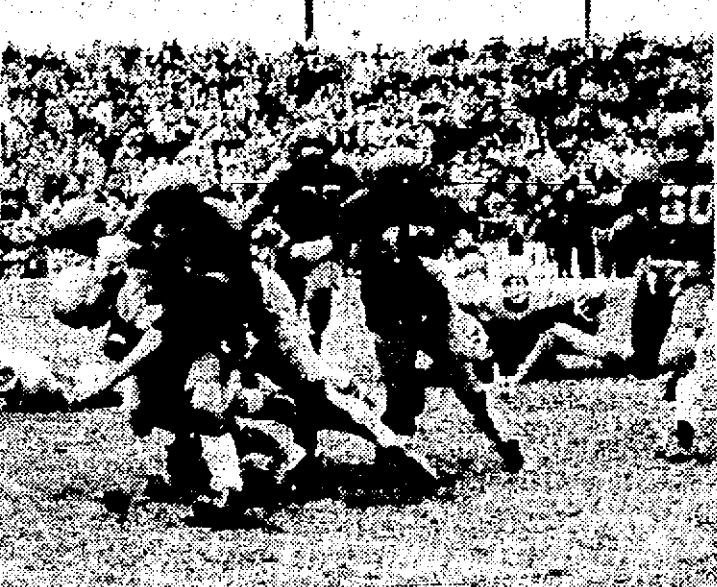

Pass Clicks For TD

McKenzie, on an end around play, picked up 12 yards before being brought down by end Bob Fair. Fabbri then raced around left end for 19 yards to set the ball on the mid-field stripe. Allen then faded back and uncorked a beautiful pass that traveled 33 yards in the air and found McKenzie in the open. The big end pulled it in while on the run and galloped for the TD.

With Allen holding, Fabbri's kick split the uprights and the Mounties had their game winning point.

La Salle took to the air after intermission, throwing eleven passes but failed to dent the Beall defense any deeper than the enemy 55.

Beall manufactured the only scoring threat in the third stanza when Fabbri, the workhorse of

GOING DOWN—An unidentified Beall ball carrier is ridden to earth by Reggie Lennox, LaSalle center, after a short pickup in yesterday's game at Frostburg.

Hoffman Sets Passing Mark As Spiders Upset W-M, 12-7

Cumberland's Jim Hoffman, the "Cinderella quarterback" for the University of Richmond, wound up his career with the Spiders by setting a school record for yards gained passing.

Hoffman, ex-Allegany High signal caller, completed only one of two losses but it went for 10 yards and a touchdown by end Lew St. Clair as Richmond upset William and Mary, 12-7, yesterday at Richmond in a Southern Conference clash.

The completion was his 24th in 54 attempts and raised his yardage to 434. It cracked the mark of Tommy Theodose in 1954 of 425 yards. It was also the fifth touchdown strike by Hoffman. Virginia Military Institute's unbeaten and un-bowled Southern Conference football champions haven't been calling halfback Bobby Jordan "Mr. Versatile" all season for nothing.

The 180-pound do-it-all senior from Radford, Va., showed 25,000 persons the reason here yesterday as he scored all 14 points and kicked a water-logged ball for a 40.5-yard average as the Keydets whipped arch-rival Virginia Tech 14-6 for their first undisputed conference crown in history.

"He's the best all-around back in this part of the country and the most underrated," shouted VMI Coach John McKenna after the Keydets had completed their first unbeaten season in 37 years, marred only by a tie with Holy Cross.

Coach Moseley Agrees Tech Coach Frank Moseley wryly agreed. "I thought Jordan's punting hurt us just about as much as any one thing," said Moseley. Particularly damaging was a 59-yard beauty—Moseley called it the game's "backbreaker"—that rolled dead on the Tech 12 in the fourth period with the Keydets nursing a 7-6 lead.

Tech halfback Corbin Bailey fumbled on the 14 on the first play from scrimmage and VMI guard Lou Farmer recovered. Jordan carried the ball three of the four times it took the Keydets to go the distance.

Jordan plunged the last three yards and his second straight conversion—the first two he's tried this season—made it 14-6. His first touchdown came on a one-yard plunge in the second period that capped a 42-yard drive. McKenna appeared disappointed when the Keydets voted down chances to play in both the Tangerine and Sun Bowl games the end of the year. VMI Captain Sam Woolwine said "a lot of boys are from the Pittsburgh area and they would have to leave home on Christmas Day."

"Up To The Boys" "It was strictly up to the boys," McKenna said. "You can't hold a gun at their heads."

In yesterday's other conference action, halfback Mickey Marinkov gave William & Mary the axe for the second year in a row as Richmond's Spiders upset the Indians 12-7.

McKenzie, Marinkov streaked 71 yards with a punt for a third quarter Fabbri score that made Richmond's lead 12-0 and enabled the Spiders to withstand a 96-yard W&M march in the final period. Marinkov beat the Indians 6-0 last year with an 84-yard punt return.

Furman winds up the conference schedule tomorrow at home against Clemson of the Atlantic Coast Conference.

Lions Remain In Title Race With 18-6 Win

DETROIT (AP)—The Detroit Lions had gone five quarters without a touchdown when Coach George Wilson told them — "in words you can't print"—that it was high time they woke up and started playing football.

Whether Wilson's halftime speech brought it about or not, the Lions "woke up" in the second half yesterday and dealt the Green Bay Packers an 18-6 defeat. It was the only game scheduled in the National Football League.

The triumph kept Detroit in the scramble for the Western Conference championship, half a game behind the Baltimore Colts, who tangle with the Los Angeles Rams Sunday.

"We had been flat for five quarters, and for no good reason," said Wilson. "So I told 'em — in words you can't print — that they had better wake up and act like a big league football team."

Wilson admitted it was his loudest explosion since he took over as head coach last summer when Buddy Parker resigned. The Lions' second-half comeback produced 15 points.

The Detroit defense threw Green Bay backs for a net loss of seven yards rushing in the second half, recovered two fumbles, intercepted a pass and scored a safety when Darvis McCord tackled quarterback Babe Parilli in the Packers end zone.

A 62-yard rumble through the mud by fullback John Henry Johnson on the first play of the second half sent the Lions into a 10-6 advantage they never relinquished.

Jim Martin kicked three field goals for the Lions. Fred Cone kicked two in the first half for a 6-3 Packers halftime lead. Standings:

WINNING COACH ALL WET—Gerard (Jerry) Calhoun, Beall High coach, gets a shower with his shirt on following the Mountaineers' 7-6 victory over LaSalle. Happy Frostburg players are shown escorting their coach from the shower. Calhoun, in his first year as Mountaineer coach, gave the school its first winning season in history.

Wolfpack Coach, Player Honored

WASHINGTON (AP)—Coach Earle Edwards and halfback Dick Christy of North Carolina State today were named football coach and Player of the Year by the Atlantic Coast Conference Club of Washington.

Announcement of the awards was made by Jim Magner, secretary-treasurer of the organization. Edwards and Christy will be honor guests at a banquet Dec. 7 at the Willard Hotel in Washington.

Magner said Edwards was the unanimous choice of sportswriters and sportscasters in the ACC area who participated in the balloting.

VMI Places Four Players On All-Conference Eleven

RICHMOND, Va. (AP)—Virginia Military Institute's Keydets, who went from rags to riches in a single season, were rewarded today with four positions on the 1957 Associated Press All-Southern Conference football team.

It was the most notable showing VMI ever has made on the honor team chosen by conference coaches, sports writers and sportscasters. Never before have the Keydets had more than two all-conference choices in one season.

William & Mary landed three players on the team, The Citadel two. West Virginia and George Washington one each.

The 1957 all-conference selections:

ENDS—Paul McGuire, The Citadel, and Larry Peccatiello, William & Mary.

TACKLES—Jim McFalls, VMI, and Elliott Schaubach, William & Mary.

GUARDS—Chuck Howley, West Virginia, and Lou Farmer, VMI. Center—Bill Rush, William & Mary.

BACKS—Bobby Jordan, VMI; Mike Sommer, George Washington; Sam Woolwine, VMI; and Bobby Schwarze, The Citadel.

West Virginia's failure to land only one berth was the most surprising feature of this year's balloting. The Mountaineers, winners of 24 consecutive conference games, had placed 20 players on the all-conference teams of the previous four years and were represented by six players last year.

Only two members of this year's all-conference club — Howley and

Weirton Cops Title, Whips Bears, 19-12

WHEELING, W. Va. (AP)—Weirton High of Weirton scored twice in the fourth quarter on touchdowns by halfback Tom Bloom and end Alex Fiedorezyk to come from behind and beat Fairmont West 19-12 today in the playoff for the state Class AA football championship.

Weirton led 6-0 at the half on a second period touchdown by Bloom. Fairmont West's Polar Bears made it 6-6 when quarterback Bobby Lowe scored in the third period after a pass interception put them in position.

Lowe scored again early in the drive and put the Bears ahead briefly at 12-6 before Weirton retaliated with its two late touchdowns.

Despite a legal tangle that made it doubtful until Wednesday night that the game would even be played, 8,500 spectators turned out for the Thanksgiving playoff in neutral Island Stadium. The weather was warm.

Fairmont twice drove to the Weirton 14 in the first period, but lost the ball on downs there each time in the face of stiff line play by the Red Riders.

It was probably the only time action by the State Supreme Court was required to permit the opening kickoff of a football game.

Unbeaten Big Creek High of War thought it got a short deal in the rating system by which the Secondary School Activities Commission determines playoff opponents. A circuit court injunction prohibiting the Weirton-Fairmont West game was obtained Monday on behalf of Big Creek, which contended it belonged in the playoff instead of Weirton.

The game was called off, but was reinstated after the Supreme Court suspended the injunction late Wednesday. The court acted on a petition by the activities commission.

The Apache Indians derive their name from the Zuni word "Apachu," which means "enemy."

Army To Use New Formation Against Favored Navy

Tars Need Win To Go 'Bowling' January 1

PHILADELPHIA (AP)—The Army and Navy football teams arrived here today in the midst of a strategic battle of wits between the rival coaches.

"We expect to use a new formation," Army coach Earl Blaik told newsmen. "Something we haven't tried before."

"Army has drifted away from the straight-T more this season than at any time in the past. Actually we've moved more to flankers, to splitting our ends, and to unbalanced lines at either side. But we'll have a new wrinkle for this one."

Expect Double Wing

Blaik, who normally doesn't go in for the cloak-and-dagger stuff, may have come up with something when he predicted earlier this week that the Middies might spring a double-wing attack in tomorrow's game.

Navy Coach Eddie Erdelatz admitted, "We can run our whole attack from the double wing. I wonder what made Blaik think of that."

Erdelatz was scheduled to lead his team into Municipal Stadium for a brief workout later today after the Cadets also had limbered up there.

A victory for the slightly favored Midshipmen almost certainly will nail down a Cotton Bowl berth.

Use Jitterbug Defense

Obviously Blaik feels the need for a surprise striking force as a compensation for his thin manpower. He expects that Jim Kernan, center; Stan Slater, guard; Bill Melnik, tackle; Bill Graff, end; quarterback Dave Bourland; and two halfbacks, Pete Dawkins and Bob Anderson, will play most of the game.

Navy has been featuring what Erdelatz describes as a "jitterbug" defense which has yielded only 10 touchdowns in nine games. In it, the linemen do a lot of quick lateral shuffling and the line-backers hop into and out of the line while the opposing team is getting set to run its play.

The idea of constantly changing positions is to mask final intentions, thereby complicating opposing blocking assignments.

100,000 To See Philadelphia Battle

PHILADELPHIA (INS)—Army and Navy, who played a bruising tie a year ago, resume tomorrow where they left off with the 58th in their classic series.

The affair of honor between the Cadets and the Midshipmen will be contested before its usual audience of 100,000 at Philadelphia's vast Municipal Stadium and millions more on television (NBC, 1:15 p. m., EST.).

It will be the eighth time that the present coaches, Navy's Eddie Erdelatz and Army's Col. Earl Blaik, have compared strategies. Seldom have they sent more evenly-matched forces into battle.

Navy has played nine games, losing to North Carolina and tying Duke. Army, in eight games, has suffered only a two-point defeat by Notre Dame.

The winner will receive the Lambert Trophy, emblematic of major college football supremacy in the East.

Both are nationally ranked. Army eighth and Navy ninth in the latest INS ratings. Statistically, Army ranks third nationally and Navy fourth in total offense. Army leads all others in rushing. Navy ranks second in the land defensively.

WHO WON? — Judging by the pained expression worn by Bill Hahn (right), one would think his Fort Hill team lost yesterday's Thanksgiving Day battle. He is shown here talking with Allegany coach Chet Payne after the Sentinels rolled to a 20-6 victory for an undefeated, untied, ten-game season.

Bobcat Quint Opens Tonight With Altoona

The area's basketball season gets underway tonight when Frostburg State Teachers College launches the campaign by meeting Altoona (Pa.) Center on the Bobcat boards. Tipoff will be at 8 o'clock.

The Bobcats, who have a veteran quint returning, will play a 22-game schedule. Expected to start will be Jim Cave and Dave Marple, former Bruce High stars who are playing their fourth season; Bill McCall, ex-Fort Hill grad who didn't play last school year; and Joe Carler, one-time Beall High cager.

Three others are in the scrap for the fifth starting berth with either Hugh Nolan, Doug Sullivan and John Keister slated to draw the assignment. All three are also lettermen for the 'Cats who last season won 15 and lost five.

Two changes have been made in the schedule, the game against Potomac State at home being switched from December 9 to December 11 while Shepherd College will be played in Frostburg on December 17 instead of December 18.

Both are nationally ranked. Army eighth and Navy ninth in the latest INS ratings. Statistically, Army ranks third nationally and Navy fourth in total offense. Army leads all others in rushing. Navy ranks second in the land defensively.

Knicks Stop Celtic Streak

PHILADELPHIA (AP)—The Boston Celtics, shorn of a 14-game winning streak in the National Basketball Assn., still held a seven-game lead in the Eastern Division today and were ready to "win some more."

The Celtics, defeated by the New York Knickerbockers 97-80 in the first game of a Convention Hall doubleheader, were stopped one game short of the 9-year-old league record for early season winning streaks.

The defunct Washington Capitals won 15 in a row from the start of the 1948 season.

Bob Pettit led the St. Louis Hawks to their seventh straight win, 112-96 over the Cincinnati Royals, and Neil Johnston and Joe Graboski paced the Philadelphia Warriors to a 102-98 triumph over Syracuse in the only other games played last night.

Tapping

(Continued from Page 23)

page of \$67.41 per person . . . The record mutual play for the final day sent the total betting to \$5,452,100 for the meeting, a daily average of \$170,378, almost identical to last year's figures . . . If the performance of Tom Cumiskey in practice the other day can be considered as a criterion, LaSalle should have a good foul-shooting hoop team this shooting team this season. The season . . . Cumiskey made 59 straight from the 15-foot line.

Turkey Day

Martin, Westminster	0	3	3	3
Kaplan, Westminster	0	3	3	3
Stouffer, Allegany	0	2	2	2
Oates, Handley	0	2	2	2
Harshman, S. Hagerstown	0	1	1	1

Fort Hill scored two safeties against N. Hagerstown. Westminster scored safely against N. Hagerstown and S. Hagerstown.

Jones To Battle Vaughn Tonight

NEW YORK (INS)—Veteran middleweight Ralph (Tiger) Jones embarks on his campaign for a 12th title shot tonight when he meets Willie Vaughn of Los Angeles in a nationally televised (NBC) 10-rounder at Madison Square Garden.

Jones, a 29-year-old body-puncher from St. Albans, W. Va., is set to meet Joey Giardello Dec. 27th if he beats Vaughn tonight. Jones feels that if he wins both fights middleweight champion Carmen Basilio will give him a chance at the title.

Jones has won 44 of 67 fights with 19 losses and four draws. Vaughn has won 33 of 56 with 17 defeats, five draws and one no-decision.

Frostburg Shoot Set

A turkey shoot will be held Sunday, starting at 1 p.m., at Sand Spring, Frostburg. Plans are being made to make the shoots a weekly feature.

RECORD-TYPING POINT—The ball (upper left) is shown on its way over the cross bar for Doug Metz's 39th extra-point of the season. The Sentinel star thus tied the conversion record set by Don Decker, also of Fort Hill, in 1949. Metz ended the season with a string of 13 extra-points, kicking nine straight last week against North Hagerstown.

Sentinels Win Two Titles

(Continued from Page 23) Completion. Alco was able to pick up the flat where Hillegas bolted out only 65 yards rushing while losing of the secondary, neatly tucked 24 for a net of 41. The seven in the ball at Alco's 48 and then successful passes accounted for traveled the rest of the distance 81 yards for a grand net of 122 for the score. Gary Shook was in vain pursuit but couldn't catch up with the fast-moving Hillegas. Again Metz converted and it was Fort Hill 21-0.

Alco Starts Drive

A pass interception early in the fourth period, with Wayne Shook pilfering Robinson's aerial at the 39 started the Campers to their lone touchdown drive.

With Wayne Shook and Bob Bennett, the latter another receiver getting his try on offense, spearheading the drive, Alco haven't beaten Fort Hill since got its third first down in the series at Fort Hill's 14 when Shook picked up eight on a run around right end.

Bennett was stopped for no gain and Shook also failed to pick up any ground in the middle of the Hilltoppers' forward wall. With third down, Gary Shook passed to Davis who hauled down the 14-yard loss just at the goal line. He was hit by Roy but fell over for the score. Stouffer's kick was no good.

The Red Raiders weren't finished yet, their fourth touchdown coming four plays after the kickoff with Hillegas going 14 yards for the TD. McCullough's run of 11 yards on first down from the Sentinel 36 and Robinson's 39 on a keeper set up the score from the 14. Hillegas, going over tackle, was held for no gain. The next time he hit the opposite side and went all the way.

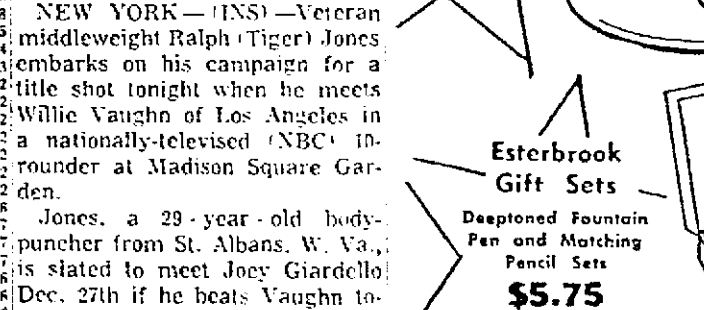

Alco had the ball four more times before the end of the game, but couldn't get any closer than the Sentinel 18 where a Gary Shook pass to Stouffer on fourth down was incomplete at the goal line. Stouffer, who had worked almost free of the Sentinel defenders, turned the wrong way at the last second with the ball sailing over his shoulder.

Ends On Interception

With only about 30 seconds before the final whistle, Shaw's toss was intercepted by Gaffney at the Camper 19 but the game ended before Allegany had a chance of getting off a play.

Another Sentinel score was averted in the closing minutes of the fourth quarter with Roy dropping a pass from Robinson at the Camper 10 when he had gotten in behind the Alco defense. Fort Hill completely dominated the statistics, piling up a net of 285 yards rushing and an overall of 308 with the 23-yard pass completion.

Beautiful Gifts SUPERB WRITING INSTRUMENTS by Esterbrook

Medallion Fountain Pen Set. Working efficiency—plus smart decorator colors in ceramic bases. Color-matched pens. Swivel trumpets keep pen in easy reach. Azure, Lime, Jet Black. \$7.95

Esterbrook Gift Sets

Deep-toned Fountain Pen and Matching Pencil Set \$5.75

No pen is quite so personal as Esterbrook, because only Esterbrook lets you choose from 30 point styles. This means your gift can match any handwriting or writing job, whether you select a hand-desk set. And because this Esterbrook personalizing means easy, pleasant writing, your gift will be long used—and you'll be long remembered!

ON WAY TO LONG GAIN—Thurl Roy, Fort Hill halfback, breaks loose for a 24-yard pick-up in second quarter. He went to the Allegany 14 but a clipping penalty set the ball back to the 31. Allegany players in the picture are Dave Stouffer (12) and "Baldy" Powell (on the ground). Action occurred shortly before the intermission of holiday game.

Atkinson Guns For Fourth Special Victory Tomorrow

BALTIMORE (INS)—Jockey Ted Atkinson will gun for his fourth victory in the Pimlico Special tomorrow when he rides Third Brother in the 21st running of the invitation-only event.

There will be only four horses entered in the mile-and-three-sixteenths event. Swoon's Son, Dave Erb up, is expected to go postward as the favorite.

The other entries are Promised Land, ridden by Willie Hartack, and Tick Tock, with Willie Boland up.

The four horses have won a total of 51 races in 166 starts and have earned an aggregate of \$1,374,680. Swoon's Son is the leader with winnings of \$766,905.

Atkinson's three previous Pimlico Special winners were Capot in 1949, One Hitter in 1950 and Tom Fool in 1953. Erb won the race last year aboard Summer Tan.

Swoon's Son Shoots For Money Record

BALTIMORE (AP)—Swoon's Son, a 4-year-old with winning ways, can move a step nearer turfdom's career money winning record tomorrow by winning the Pimlico Special.

**Don't Pass By These Bargains in Good Used Earth-
moving Equipment From Beckwith Machinery
Company... Your Caterpillar Dealer**

Prices Slashed... Now's the Time to Buy!

Here are Typical Bargains:

Caterpillar Diesel D9 Tractor mounted with No. 29 Cat Cable Control and Cat 95 Bulldozer Blade. Here's your chance to get the Giant of the Earthmovers, a truly high production machine in "like-new" condition, at \$14,000 off the price of a new unit.

Cat D4H 4 Highlift. We've reconditioned service assembly on diesel engine, tuned starting engine, adjusted operating clutches. Running gear is in good condition. You won't find a comparable machine at this low, low price of \$2,900.

Here's a machine that means money in the pocket for a watering or sewage contractor. Cleveland Model 95 Tender powered by Buick gasoline engine. Tuned engine; replaced crankshaft seals; adjusted operating linkage, chains, tracks, etc. This is a steal at \$3,000.

International ID 9 Tractor with Bucyrus-Erie Hydraulic Angledoser. This machine has been carefully checked over and is in good operating condition. A lot of work life left in this machine at bargain price of \$4,500.

Citroac 80H Diesel Tractor mounted with Well Hydraulic Angledoser and new track links, rebuilt spring. Invest \$4,700 in this machine and go to work. New Cat 07 Tractor, equipped with Cat Control and an Angle Blade. Good working condition and can be put on your job for only \$2,800.

All machines F. O. B. location and subject to prior sale.

Each machine has been given a careful appraisal by Caterpillar-trained mechanics and necessary repairs made to fit the description and price. No matter what class of equipment you buy, you know you are receiving honest dollar value. Your purchase is backed by your Caterpillar Dealer's reputation for service and honesty.

Cat and Caterpillar are Registered Trademarks of Caterpillar Tractor Co.

Cards of Thanks

We desire to express our sincere thanks and appreciation to all our friends, neighbors and relatives who were so kind to us during the illness and following the death of our beloved husband, son and father, Elwood E. Lease. We especially wish to thank Rev. Harold Allen and Rev. E. W. A. who were so kind to officiate at the funeral and the pallbearers. To all others who in any manner rendered assistance, we are indeed grateful.

This Wife, Mother and Daughter

1-Announcements

YOU HAVE less labor, no waxing, so tell your neighbor about Glavo linoleum cleaning. Rosenbaum's.

THE GIFT that will cheer every day through the year like a gift from home. Send the Evening Times, Sunday Times, or the Cumberland News at a Christmas gift. The first issue will arrive in a colorful holiday wrapper. Christmas Gift Card bearing your name will be sent with each subscription. Out of town. Mail Subscriptions only. Call Circulation Dept. Jacoby On Bridge

Swindle Scores At Tournament

By OSWALD JACOBY
Written for NEA Service
In the recent upper New York regional tournament in Schenectady every North and South pair reached the heart game and every West player opened the queen of spades.
South won with the ace and played the ace and king of trumps. When West showed out each South said that he had to find a quick parking spot of his losing spade. The club finesse was tempting but it looked better to see what could be done in the diamond suit first. The king and ace of diamonds would be played and when East's queen fell on the second lead the jack of diamonds took, care of the losing spade and declarer held his losses to two trumps and one club.
When Charley Coleman of Corpus Christi, Texas, held the East hand he worked out a neat swindle that elicited the comment from the unfortunate declarer,

NORTH 43
♥ 73
♦ A 6
♣ A J 8 5
♦ A Q 10 4

WEST
♥ Q J 10 5 4
♦ 7 6 3
♣ 10 9 7 2
♦ K 5 2

EAST
♥ K 9 6 2
♦ Q J 10 7
♣ Q 3
♦ K 5 2

SOUTH
♥ A 8
♦ K 8 5 4 2
♣ K 4
♦ J 3 8

Both vulnerable
North East South West
1 Pass 1 Pass
2 Pass 2 Pass
3 Pass 3 Pass
4 Pass 4 Pass
Opening lead—A Q

"Couldn't you have stayed home?"
All Charley did was to drop his queen of diamonds on the first lead of the suit. Now declarer really had to abandon the diamond play. It appeared certain that Charley would ruff that second diamond and get in his spade trick. South could not let that happen and after all the club finesse might work. He led the nine of clubs and let it ride. Charley won with his king and was able to set the hand and bring him a top score.

Q—The bidding has been:
North East South West
1 Pass 1 Pass
2 Pass 2 Pass
3 Pass 3 Pass
4 Pass 4 Pass
You, South, hold:
♥ K J 6 ♦ Q J 10 5 4 ♠ A Q
What do you do?
A—Bid five clubs. You have already signed off once at three no-trump so you can afford to show this ace now.

TODAY'S QUESTION
Your partner has jumped to five diamonds directly over your three diamond response. What do you do in this case?
Answer Tomorrow

Modern Policemen Have It Pretty Good
KITCHENER, Ont. (CP)—Sgt. Herbert Gimbel and Cecil Farnham, both completing 31 years on the Kitchener police force, say modern policemen "never had it so good."
In their early days the pair pounded a beat for 11 hours at a stretch, with one day off each month.

Combined Carrier
DAWSON CREEK, B. C. (CP)—A vehicle known as "Bruck" is being tried here as a combination bus and express truck service. The unit, built in Winnipeg carries 16 to 20 passengers, and has a maximum capacity of 400 cubic feet for mail and express.

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

Adv.-T.-Nov. 15-22-29 Dec. 6

TRUSTEES SALE OF VALUABLE FARM KNOWN AS THE WOLFE FARM

Under and by virtue of a decree of the Circuit Court for Allegany County, Maryland, passed in a certain cause therein pending wherein W. Merle Clauson, et al., are plaintiffs and J. Edgar Nicks, et al., are defendants, it being Nicks, et al., the undersigned having been appointed Trustees, to make sale thereof, and having complied with the provisions of the decree relating thereto, will offer at public sale to the highest bidder or bidders therefor, subject to the right of rejection:

ON Saturday, December 7, 1957, at 10:30 A. M. along the side of the Second National Bank Building located at the corner of Baltimore and Liberty Streets in Cumberland, Allegany County, Maryland, all of that parcel of ground known as the Wolfe Farm and more particularly embraced within the following courses and distances, to-wit:

All that lot or parcel of ground situated on the north side of the National Pike, U.S. Route 40, just east of the city of Cumberland, Allegany County, State of Maryland, and more particularly described as follows, to-wit:

BEGINNING for the same at a stake standing on the side of the National Pike, U.S. Route 40, and 30 feet from the center-line thereof, said stake also stands at 15 feet on the seventh line of the whole property of which this is a part as conveyed by Charles A. Wolfe, et al., to William C. Wolfe, by deed dated the 22nd day of November, 1900, and recorded in Liber No. 27, folio 683, one of the Land Records of Allegany County, and running thence with the line of the said whole property, and with the line of fence, (Magnetic bearings as of June, 1957, and with Surface Measurements) North 15 degrees and 30 minutes East, 125-1/10 feet to the corner fence post, thence still with the line of fence, North 15 degrees and 30 minutes East, 628 feet to the corner fence post on the west side of DeHaven Road, thence with the said west side of the road North 10 degrees and 30 minutes East, 163-5/100 feet to a stake, North 34 degrees and 15 minutes East, 144 feet to a stake, North 26 degrees and 30 minutes East, 132 feet to a stake, North 8 degrees and 30 minutes East, 187-5/100 feet to a stake, thence leaving the DeHaven Road, North 17 degrees and 30 minutes West, 33 feet, then up the side of the road North 24 degrees and 30 minutes East, 219-5/10 feet to a stake, on the northeast bank of Evitts Creek, thence along the said northeast bank, North 26 degrees and 30 minutes East, 775-5/10 feet to a cherry tree with six notches standing on the northeast bank of Evitts Creek and at the former location of the east side of the old mill dam, thence across Evitts Creek at the former location of the old dam, with the sixteenth line of the said Wolfe whole property connected to the twentieth line of the adjoining property conveyed by David W. Greathouse, Executor, to Frank Grabenstein by deed dated the 28th day of June, 1898, and recorded in Liber No. 23, folio 443, one of the Land Records of Allegany County, South 75 degrees and 30 minutes West, 214-5/10 feet to a stake standing at the beginning of the 28th line of the whole property of which this is a part as conveyed by H. R. Donnelly, Trustee, in William C. Wolfe, et al., by deed dated the 10th day of May, 1924, and recorded in Liber No. 147, folio 64, and more particularly described in deed recorded in Liber No. 90, folio 10, both being of the Land Records of Allegany County, North 26 degrees and 30 minutes West, 330 feet to a stake, thence with the part of the 28th line of the last named deed, North 4 degrees and 30 minutes East, 118-5/10 feet to a stake standing on the southeasterly side of the Mason Road and 15 feet from the centerline thereof, thence with the said southeasterly side of the Mason Road, North 47 degrees and 30 minutes West, 801-7/10 feet to a stake, South 85 degrees and 30 minutes West, 165-1/10 feet to a stake, South 30 degrees and 30 minutes West, 458-8/10 feet to a stake, South 31 degrees and 30 minutes West, 410-6/10 feet to a stake, South 42 degrees and 30 minutes West, 200 feet to a stake, South 30 degrees and 30 minutes West, 116-1/10 feet to a stake, thence leaving the said Mason Road and running with the west bank of Evitts Creek, South 10 degrees and 30 minutes East, 101 feet to a blazed white oak tree with eight notches, thence North 10 degrees and 30 minutes East, 87 feet to a stake, thence South 16 degrees and 30 minutes East, 112 feet to a red oak with six notches, thence still South 16 degrees and 30 minutes East, about 60 feet to the 34th line of the said whole property aforementioned, thence with the said 34th line, South 50 degrees and 30 minutes East, about 135 feet to the 15th line of the National Pike aforementioned, thence by prolongation of the last mentioned line crossing U.S. Route No. 40 to the South side thereof, to point of beginning, thence North 13-5/10 degrees and 30 minutes West 133-5/10 feet; from the beginning point, thence South 60 degrees and 30 minutes East to the place of beginning, containing 107 acres, more or less, exclusive of the highway.

The above description is subject to certain easements belonging to the State Roads Commission of Maryland in connection with U.S. Route No. 40, and said easements and rights are shown on a plat of the aforesaid property filed in these proceedings and believed to be, but not warranted to be, an accurate location of said easement rights.

The above property is improved by an 11-room frame dwelling house in excellent condition. The house has a finished completed bath but is without running water or electric heating. It is heated with a hot water heating system in good condition. The property is further improved by a substantial barn in good condition and also a tool shed and 16 year old apple good condition and an ice house.

CITY WATER IS IMMEDIATELY AVAILABLE FROM A CITY DISTRIBUTION LINE. THE HOUSE IS PORTION OF SAID PROPERTY. THE ABOVE DESCRIPTION ALSO CONTAINS WITHIN ITS BOUNDS BOTH BARN AND THE FULL FLOW OF THE CITY'S WATER SUPPLY. THAT 2,000 FEET THIS PROPERTY IS LOCATED 5 MINUTES FROM DOWNTOWN CUMBERLAND AND CONSTITUTES A SUBURBAN RESIDENTIAL DEVELOPMENT. A RECREATIONAL CENTER, SCHOOL, COLLEGE OR HOSPITAL, A FRATERNAL CLUB HOUSE, A MODERN FACTORY BUILDING NOT REQUIRING RAILROAD SIDING FACILITIES OR ANY OTHER UNLAWFUL OR DESIRABLE PURPOSE.

All taxes upon the aforesaid property will be prorated as of June 1, 1957, to June 1, 1958 as of the day of the ratification of the sale.

Terms of sale: One-third cash on the day of the sale and the balance of the purchase money upon the ratification of the sale by the Court, and the tender by the Trustees of a good and sufficient deed to the purchaser for the above property. The Trustees reserve the right to reject any and all bids for gross inadequacy of price or from any bidder not establishing in the satisfaction of the Trustees financial responsibility.

SPEAK FO' YORE-SELF, TINY!!

STEVE CANYON

MISS MCKEEN, THANK YOU FOR COMING DOWN-TOWN... BUT SINCE WE PHONED YOU, THERE HAS BEEN A BREAK IN THE CASE...

A MAN FRIEND OF GOLDIE LARUE WAS PICKED UP IN TOLSON AND CONFERRED TO KILLING HER... YOU MAY GO!

YOUNG LADIES, I AM COL. INDEX... I—THAT IS—WE ARE DEEPLY IN YOUR DEBT FOR COMING TO HER AID IN THIS TERRIBLE BUSINESS...

WE WERE ONLY TOO GLAD TO DO IT, COL. INDEX!

I AM GRATEFUL TO YOU FOR FIXING THE BROKEN RADIO SET—I KNOW YOU WERE ONLY TRYING TO GIVE MRS. INDEX SOMEONE TO TALK TO—AND I SHALL NOT FORGET IT!

RIP KIRBY

THAT GUY JAMES HAS BEEN IN MY HAIR LONG ENOUGH. I'LL GET HIM FIRST!

M'SIEUR JAMES! LOOK OUT!

SIRENE FLINGS HERSELF BETWEEN JAMES AND CARTER AS THE SNIPER FIRES

MYRTLE

HA! HA—9 TIMES IS 52 AND 9-HMM—15—

4X6 IS 56—STUPID!

OH!

WELL, YOU DON'T HAFTA GET MAD! THE REASON WE DO OUR HOMEWORK TOGETHER IS TWO WE CAN CORRECT EACH OTHER!

CAPTAIN EASY

TELL HIM THE GATEMAN WILL LET HIM IN! I MUST KNOW IF HE SUSPECTS THAT MIKAN USED THAT PASS!

IT'S CAPTAIN EASY FROM MCKEE INDUSTRIES! HE SAYS YOU EXPECT HIM, BUT HE'S LOST HIS PASS!

SO YOU LOST MY INVITATION CAPTAIN EASY?

YES, I LEFT IT IN A FISHING BOAT I HIRED TWO DAYS AGO. THE BOAT OWNER WAS ON HIS WAY TO RETURN IT TO ME YESTERDAY WHEN HE DISAPPEARED!

MAYBE YOU KNOW CLAY NOLAN? YOUR GATEMAN SAID HE TRIED TO SEE YOU, BUT DIDN'T GET IN!

NEVER HEARD OF HIM TILL HE WAS REPORTED MISSING. STRANGERS TRY TO SEE ME EVERY DAY! SHALL WE GET DOWN TO BUSINESS?

BOOTS AND HER BUDDIES

DOGGONIT, I JUST CAN'T BLAB ON PUG! STILL, MOM AN' POP OUGHTTA KNOW!

THERE SHE GOES, SLIPPING UP TO THE ATTIC AGAIN!

...THE LAST ENTRY IN HER DIARY SAID, PLAIN AS DAY, SHE WAS PLANNING TO ELOPE!

FRECKLES AND HIS FRIENDS

SEE, DAD? THE COCA COLA DOESN'T DIG THIS OYSTER GUM SOUTHWEST EITHER!

I AGREE! BUT YOUR ALLOWANCE IS AMPLE TO COVER SUCH ITEMS!

RATS! I SURE HATE TO WASTE MONEY ON CLOTHES!

WHAT SIZE? JUST A SEC! I'M WORKING OUT AN ESTIMATE!

BUT SIR, I'VE STILL GOT AT LEAST TWO YEARS' GROWTH LEFT IN ME!

ALLEY OOP

YOU MEAN WE'RE STUCK HERE?

ACCORDING TO SCHEDULE, WE SHOULD HAVE BEEN BACK IN THE LABORATORY HOURS AGO!

HOW ABOUT THAT FELLA YOU LEFT WITH THE TIME MACHINE? IS HE RELIABLE?

OH, OSCAR. OSCAR'S A NOTHING WORSE THERE.

...IT'S SOMETHING ELSE WHATEY, BUT I CAN'T IMAGINE WHAT IT IS.

STUFF YOU GOT IN YOUR EYES, DOES IT HURT OSCAR?

NO, NOT A BIT. BUT I CAN'T SEE A THING!

MICKEY MOUSE

THAT'S A GOOD PUZZLE, UNCA MICKY! WANT ME TO SHOW YOU HOW IT WORKS?

YOU RUN ALONG TO BED, MORTY! THESE TUNES ARE SIMPLE!

'Blue Collar' Demotions Draw Fire

ANNAPOLIS — Angered at Navy plans to demote wage board supervisors at the Naval Academy, Rep. Lankford (D-Md.) has said he is drafting legislation to protect the job rights of federal government's blue collar workers.

The wage board sets the wages paid the many civilian maintenance and housekeeping personnel at the academy.

"We are dealing with the oldest and most experienced group of people employed by the Naval

Academy," he said, "and I do not intend to stand by idly and see their many years of faithful service rewarded in this manner."

The Navy's plan, if carried out, would have a demoralizing effect on all blue collar workers, Lankford said.

The Annapolis attorney is a member of the academy's Board of Visitors.

Lankford wrote Vice Adm. John L. Holloway Jr., chief of naval personnel, urging the Navy to postpone its action or at least extend it over a period of time. "The situation that now exists has been foreseeable for quite some time," he wrote, "and . . . the supervisors involved have in no way been responsible for the creation of this problem."

He added, "It is unfortunate that this action was not made in proportion to the reduction of maintenance personnel over the past five or six years."

Lankford said his legislation to protect the blue collar workers' job rights and wage rates will be introduced at the next Congress.

12,000 Veterinarians Protect The Animals

ROANOKE, Va. — Animals in America, who outnumber humans better than four to one, have their health guarded by 12,000 practicing veterinarians.

Dr. W. W. Armistead, dean of Michigan State University's veterinary medical schools, says there are 18,000 veterinarians but that one third are teaching, doing research, in government service or with commercial concerns. Of the 12,000 practicing some 3,000 specialize in pet animal practice.

South's Steel

Birmingham, Ala., is site of the South's largest steelmaking industry. All materials, from iron ore to the minerals used in processing steel, are native to the area.

When Queen Elizabeth and Prince Philip visited Washington, their ninety pieces of royal luggage were taken care of by the U. S. Army Transportation Corps.

Demos Say Nixon Drops Ike Philosophy

WASHINGTON — (INS) — The Democratic Party charges that Vice President Richard M. Nixon has decided to "desert" what it termed the "Eisenhower Myth" to strike out on his own political.

The Democratic Digest, the party's official publication, said that Nixon made the decision after

President Eisenhower's "popularity began to fade" last spring. The lead article in the December edition likened the vice president to "a man who has decided to abandon a slowly sinking ship but in such a way as to suggest he is merely going for a swim."

The article said that a buildup of Nixon for the White House in 1960 is "on now in full force"

and questioned his qualifications for national leadership.

Object of the buildup effort, the Digest asserted, is "to bury quietly — before 1960 — the not-too-attractive past of young man-on-the-rise, Richard Milhous Nixon."

North and South Dakota were divided into two states in 1887.

Indian President?

Full citizenship rights having been bestowed on the American Indians, there is no legal restriction which would prevent an Indian born in the United States from becoming president.

Strands of the web of black widow spiders are used by the U. S. Army Corps of Engineers as cross hairs in telescopic sights.

ALL-SEEING EYE: Flying cameraman Aubrey Patterson Jr. heads for the darkroom with his big camera after shooting the pictures necessary for plotting a contour map.

New Science Helps State's Expanding Roads Program

By CHARLES L. STAFFORD

BALTIMORE (AP)—Like a bound following a hot trail, the light airplane hewed to a straight line 6,000 feet above the wintery countryside.

In the rear seat, Aubrey Patterson Jr. methodically triggered an aerial camera.

This flight shortly after noon one day last winter was civil engineering on the wing. The photography was step one in the job of planning a new highway by air.

With increasing frequency these flights are being made throughout the United States.

One Maryland road builder says the huge scope of multi-billion-dollar federal highway program is dictating wider and wider use of this relatively new science called photogrammetry.

Simply stated, one phase of photogrammetry is the transformation of aerial photographs into accurate contour maps.

Without such maps a highway planner might run his road into a mountain or over a cliff. To know the lay of the land, he must have contour lines on his map.

Patterson's flight was the beginning of a project which proved to the satisfaction of the Maryland State Roads Commission that a new highway can be planned in its entirety by photogrammetry.

The flight was made at 6,000 feet to give a plotting scale of one inch to 200 feet. Patterson fired his camera over 3,600 feet—three pictures every two miles. The pictures were taken at a slight angle.

Back in the firm's laboratory at Harbor Field, the 200-foot roll of film was developed and the prints laid out in sequence on a drawing table. Each picture lapped over the next, like a deck of cards spread in a straight line.

Then a team of field men went into the area on foot. They picked out control points—a house here, a railroad signal there—and measured their exact location and elevation.

Back in the laboratory, these known locations were plotted on a five-foot square skeleton grid map spread on the work table of a weird looking machine called a Kelsh plotter.

The portions of two aerial photographs which overlapped were projected onto the plotting table from above, one from a projector with a red lamp and the other from a projector using a bluish bulb.

The plotter blended together two slightly different views of the same terrain features.

The map-maker put on glasses with red and blue lenses, just like the plastic glasses given patrons of the early 3D movies. These permitted him to see the blended picture of the terrain in depth.

He set the drawing arm of the plotter for the elevation of one of the known points and, beginning at that point, moved the attached pen point along the exact ground surface of the stereoscopic image. He drew the first contour line.

He raised the elevation two feet and began drawing the next line. This was done again and again until the contour map was finished.

Other flights were made—some as low as 1,500 feet and others up to 15,000—and other maps drawn. These included cross-section maps for estimating the amount of excavation and fill needed to build the road. This is the principal item considered by the contractor bidding on the project.

A photographic geologist—a new breed of scientist—studied the aerial photographs and test borings and produced a geologic report on the type of soil beneath the road's route.

Thus the road was planned.

Aerial photography and photogrammetry did the work which

formerly would have been assigned many field teams of hard to find civil engineers. And they did it with accuracy in only one-third the time which would have been required by ground crews. Only a fraction of the test borings usually made were necessary to prepare the geologic report.

Sugar For Formosa

TAIPEI, Formosa (AP)—The Industrial Development Commission has approved an eight-million dollar program to start modernizing and expanding facilities of the state-owned Taiwan Sugar Corp. Sugar is the main source of foreign exchange for Chiang Kai-shek's government. The export goal this year is 850,000 metric tons.

Kremlin Fears Pasternak's Epic Novel, Suppresses It

NEW YORK (AP)—Boris Pasternak in Moscow in 1956 and re-nak's epic Soviet novel "Dr. Zhivago" concludes with a declaration that the presentiment of freedom is in the air in postwar Russia. It will be published in other parts of the world.

Kremlin suppression of this 700-page book at home and efforts to suppress it abroad show vividly. Zhivago, a physician from a however, that freedom in Russia remains only a presentiment. "Dr. Zhivago" was published recently in Italian translation in Milan by the tragedy of Russia through a Communist publisher who re-wrote the manuscript from Pasternak, long in disfavor with Stalin, worked 10 years on it.

The book is not anti-Communist, but the hero delivers passages ridiculing Marxism-Leninism. J. Edgar Hoover has completed a book entitled "Masters of Deceit," the story of communism in America and how to fight it. It will be published by Henry Holt and Co. in 1958.

The novel takes place in different regions but particularly in Moscow and the Urals city of Yuratin. It tells of Zhivago and numerous persons from various social strata. Among them are Zhivago's three wives including a girl named Lara. Zhivago participated in World War I. Revolution left him near starvation so he fled to Yuratin.

and from there was sent to a labor camp and heart attack. A postscript brings the book down to the end of World War II.

Said Zhivago to a Communist: "Men of your way of life abound in proverbs, but you have forgotten the most important one, which State's Communist government has decided to allot 25 per cent of the available government waste lands to human beings."

Curbs On Capital Police Set Stage For Crime Rise

By ED CREAGH

WASHINGTON — **—** Your nation's capital may be turning into one of the safest places in the nation to commit a crime.

The police are inclined to think so, anyway. Some members of Congress agree. And the hoodlum element has taken a new lease on life, to judge from an upsurge of gambling and a spreading of crimes of violence outward from slum areas.

Here are a few signs of the times in the streets radiating from the capitol:

1. Mark F. Ethridge, publisher of the Louisville Courier Journal, and the Louisville Times, was bowled over by two men who tried to snatch his wife's purse. The incident was one of a number which have occurred recently in quiet, sedate parts of town.

2. A 20-year-old man, Andrew Mallory, who admitted raping a woman twice his age, went scot-free. He was convicted of the crime but the U. S. Supreme Court held his confession couldn't be used against him because he hadn't been charged formally with the offense soon enough after arrest.

3. Another youth beat a 3-to-10 year sentence for housebreaking. The U. S. Court of Appeals freed him under a new and widely disputed interpretation of what "insanity" means. As most other courts interpret the word, he'd have gone to prison.

These incidents do not mean Washington is in the grip of a crime wave, although the current rate of serious offenses is up 2.8 per cent over a year ago. But law enforcement officers are deeply concerned—to the point where one has decided to turn in his badge.

Dep. Police Chief Clarence H. Lutz plans to retire soon because, he says, as head of the morals division he can't cope with gambling which has mushroomed to a million-dollar-a-day turnover.

Lutz blames legal restrictions on the police for most of his difficulties. And the capital's chief prosecutor, U. S. Atty. Oliver Gasch, agrees with him that too often the cops' hands are tied by recent court rulings.

Gasch says it was "the blackest day of my life" when the Supreme Court handed down the Mallory decision. This 1957 ruling holds that 1. a confession can't be used against a suspect when there has been undue delay in arraighing him, and 2. a warrant can't be issued on mere suspicion but only if there is "probable cause."

Local courts seem to have interpreted these curbs more strictly than most courts elsewhere. But even here there is considerable confusion among judges and lawyers. What is "undue delay"? How "probable" a cause must the police show in order to get a warrant?

"Utterly confused" is the Washington Star's description of this whole picture. At least two members of Congress — Sen. Butler (R-Md.) and Rep. Keating (R-NY) — have introduced legislation aimed at straightening it out.

Similar controversy has arisen from the U. S. Court of Appeals ruling on an insanity plea. Previously, the generally accepted legal rule was that a defendant is insane only if he did not know right from wrong or if, in committing a crime, he was moved by an irresistible impulse. The Washington Star broadened this by saying no person can be convicted if he is suffering from a mental disease or defect.

High Court Schedules Potomac River Case

WASHINGTON — **—** The Supreme Court has allotted two hours of argument on Dec. 9 on whether Virginia should be allowed to file suit against Maryland in a Potomac River dispute.

Virginia seeks to contest Maryland's action abrogating the Potomac River Company of 1785 under which Virginians were granted equal fishing rights with Marylanders in the river. Marylanders in the river. Marylanders in the river.

2. A 20-year-old man, Andrew Mallory, who admitted raping a woman twice his age, went scot-free. He was convicted of the crime but the U. S. Supreme Court held his confession couldn't be used against him because he hadn't been charged formally with the offense soon enough after arrest.

3. Another youth beat a 3-to-10 year sentence for housebreaking. The U. S. Court of Appeals freed him under a new and widely disputed interpretation of what "insanity" means. As most other courts interpret the word, he'd have gone to prison.

X15 To Explore Flight Conditions 200,000 Feet Up

WASHINGTON — **—** A government research engineer reports the Air Force's secret research plane, the X15, will explore flight conditions up to 200,000 feet altitude and at speeds up to 4,700 miles an hour.

Hubert M. Drake also reported that in the more distant future "boost glide" planes now on the drawing boards may operate at speeds up to 18,000 miles an hour. Such planes are sent to great heights, where their motors cut off, and they glide back to earth without power.

Drake, stationed at the National Advisory Committee for Aeronautics for high speed flight station at Edwards, Calif., did not give details of either development. He mentioned them in showing charts of how high and fast planes can be expected to fly, in the future.

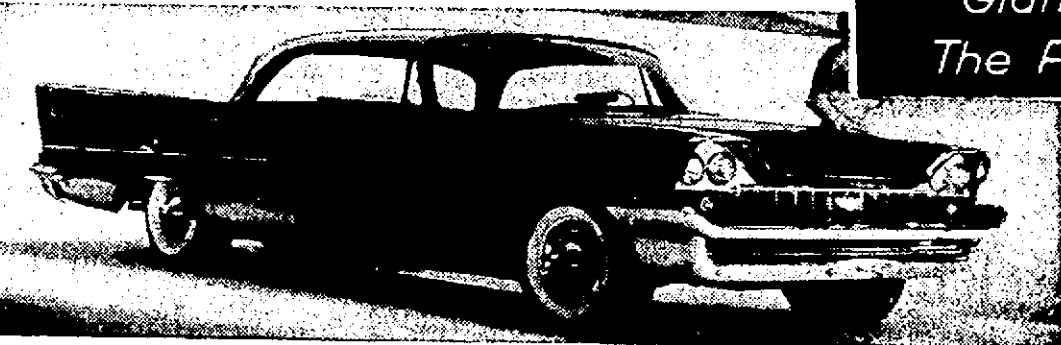

Drake spoke before the North Atlantic Treaty Organization's advisory group for aeronautical research and development. Another speaker was Capt. Ivan C. Kincheloe, who made the highest airplane flight in history.

He piloted the Bell X2 rocket-powered research plane to an altitude of about 126,000 feet Sept. 7, 1956. The veteran pilot gave a detailed account of his 16 minute, 32 second record flight.

Kincheloe described a "short interlude of personal consternation" when the X2's board. He went through when the X2's rocket engine died of fuel exhaustion even though the fuel gauge indicated that he still had 75 per cent of his propellant load on board. Drake said that at extreme altitudes and speeds, indications on the difficulty of the research pilot's task. He said studies indicate that the instrument measurement of altitude. He said studies indicate that the instrument measurement of altitude.

Britain's Hereditary House Of Lords Soon May Lose Some Of Its Medieval Crust

By TOM CHILTREE

LONDON—If all goes well, the Conservative government will scrape some of the medieval crust off the hereditary House of Lords. But will all go well? Already a government bill, introduced last week, has produced disunity in the opposition Labor party. And there are even uneasy stirrings among the Conservatives.

Prime Minister Macmillan's proposals are modest—admit a few peers to this male stronghold and create peers whose titles last only a lifetime.

The crux of the problem is how to give a 20th century tailoring job to a political institution that is almost unchanged in outward form since the reign of King John in the 13th century.

Through the centuries, the power of the Lords has seeped away. But the barons, earls, dukes and other peers have kept the chamber alive in an age when democratic sister nations elect their parliaments, national assemblies and congresses by popular vote.

Today the House of Lords can do some tinkering with legislation passed by the House of Commons. It can delay, but it cannot kill the acts of Commons.

The government bill has been read formally for the first time in the House of Lords. It must be passed on twice more by the Lords—no date has been set—before being sent to Commons.

Some Conservatives regret the subject has been revived. They fear one change in the makeup of the chamber will lead to later, more sweeping revisions.

To the Labor party, the Prime Minister's proposals look suspiciously like a trap. Most Laborites believe the House of Lords will be scrapped or allowed to wither away in the Socialist paradise they hope to create.

A Labor party spokesman explained Laborites will have a hard time justifying a vote against a Griffiths working on a plan to abolish the hereditary principle in the House of Lords. Members would be appointed at the beginning of each newly elected House of Commons.

Places in the Lords would be given to each political party in proportion to the number of seats in the House of Commons.

The outgoing House of Commons has a Griffiths working on a plan to abolish the hereditary principle in the House of Lords. Members dissolved together.
